Engineering News-Record

A Consolidation of Engineering News and Engineering Record

A JOURNAL OF CIVIL ENGINEERING AND CONSTRUCTION

ISSUED WEEKLY

VOLUME 94

January 1 to June 30, 1925

McGRAW-HILL COMPANY, INC.
TENTH AVENUE AT 36TH STREET
NEW YORK

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 94—JANUARY 1 TO JUNE 30, 1925

Jan.	1	1 to 48
Jan.	8	49 to 96
Jan.	15	97 to 136
Jan.	22	137 to 176
Jan.	29	177 to 216
Feb.	5	217 to 260
Feb.	12	261 to 300
Feb.	19	301 to 340
Feb.	26	341 to 378
Mar.	5	379 to 424
Mar.	12	425 to 462
Mar.	19	463 to 504
Mar.	26	505 to 544
Apr.	2	545 to 586
Apr.	9	587 to 626
Apr.	16	627 to 672
Apr.	23	673 to 712
Apr.	30	713 to 752
May	7	753 to 796
May	14	797 to 836
May	21	837 to 876
May	28	877 to 916
June	4	917 to 962
June	11	963 to 1002
June	18	1003 to 1042
June	25	1043 to 1082

A

ACCIDENTS AND ACCIDENT PREVENTION
- Asphyxiation:
  - Due to oxygen depletion, explanation of Tulsa, Okla., accident. A. C. Irwin ..... l 662
  - F. H. Holway ..... l 572
  - Four men asphyxiated in foundation caisson for pier shaft, at Columbus, Ohio n249
- Automobile fatalities:
  - Method of computing statistics changed 723
  - Net of rope in surge chamber safeguards workmen j*990
- *Norman, M. E.*, steamer, overturning in Mississippi River:
  - Description of accident, list of survivors and of those drowned e797, n*827, n829
  - Explanation not yet possible e837
  - Inquiry board appointed n948
  - Memorials for victims of disaster proposed by Am. Soc. C. E., and engineers' clubs of Little Rock, Memphis, etc. n949
  - Plans of boat, observations by Captain West. W. W. DeBerard *855
  - Recovery of thirteen bodies n909

Acetylene distribution on welded pipe line in Texas j*738
Aerial photography. (See Maps and Mapping.)
Aeronautics:
- New York University founds aeronautics school n1034

Africa, railway transportation, auxiliary rail-motor cars 324
Alaska:
- Alaska R.R., Noel W. Smith becomes appointed general manager n91
- Parks, G. A., mining engineer, nominated as governor n331

Albany port bill passed by both houses of state legislature n537
Albany Port Commission named n573
Albany port project, Goodrich, E. P., appointed engineer n783

AMERICAN ASSOCIATION OF ENGINEERS
- Almert, H., resigns presidency of A.A.E. to be manager n168
- Annual meeting e963, 980
- Drayer, C. E., resigns secretaryship n616
- Meeting at Orlando, Fla., a rough road.. e837
- New York chapter disapproves action of directors on resignation of Harold Almert n249
- Professional ethics problems, what A. A. E. is doing. e838, D. B. Steinman ..... 851, l 1031
- Questionnaire on outstanding practice problems of the profession, competition, fees, solicitation, and replies. e838, D. B. Steinman 851
- Steinman, D. B., elected president n*993

AMERICAN CONCRETE INSTITUTE
- Annual meeting at Chicago.. n331, e379, n409

AMERICAN CONSTRUCTION COUNCIL
- Meeting announced n454
- Spring meeting n830

AMERICAN ENGINEERING COUNCIL
- Administrative Board to meet n616
- Budgeting, address by U. S. Director of the Budget e137
- Meeting at Washington n168
- Meeting in Philadelphia n830
- Public Works Department with three subdivisions, architectural, construction, engineering, not wise plan e837
- Reclamation to be studied n205
- Washington section of Am. Soc. C. E. asks to join A.E.C. n250

AMERICAN ENGINEERING STANDARDS COMMITTEE
- Bridge specifications, work being done .. n206
- Industrial advisory council appointment means realignment of standardization.. e798
- Manhole frames and covers, subcommittee for standardization of e426, n454

AMERICAN RAILWAY ENGINEERING ASSOCIATION
- Annual meeting and committee reports 484, a487, n495, n500, a552
- Fairbairn, J. M. R., a Canadian, elected president n*498
- Hard-working engineers e465
- Manual of association, loose leaf form needed e464
- Officers elected n207
- Research on permanent roadbeds for railways, advocated by F. H. Alfred e674
- Steel ties, experiment design 770

AMERICAN ROAD BUILDERS ASSOCIATION
- Good Roads Show:
  - Attendance was 16,000 ..... n296
  - Convention n127
  - Convention shows broad aspects of road engineering. Papers by E. N. Hines, W. D. P. Warren, H. D. Robbins, A. H. Hinkle, H. F. Clemmer and D. D. McGuire *114
  - Equipment, report n132, n171
  - Exhibit of road-building equipment.. e2
  - Netted organization $44,000 ..... n831

AMERICAN SOCIETY FOR TESTING MATERIALS
- Dudley, C. B., and Marburg, E., to be honored n781
- Metals committees discuss new specifications and research n536
- Metals committee to meet in Philadelphia n455
- Non-metals specification problems discussed by committees n818
- Research in materials carried on by society e963, 976
- Convention:
  - Manufacturers apply for space n576

AMERICAN SOCIETY OF CIVIL ENGINEERS
- Action on public works department explained n247
- Annual meeting, technical features, and transactions e178, 196, n205
- Election, direct primary—a long, long trail e589
- Hoover made honorary member n205
- Medals awarded, four n*167
- Noble prize committee reports n205
- Registration Law, model, approved n166
- Ridgway, Robert, new president n*166
- Salt Lake City meeting held in good location for irrigation lessons e964
- Seabury, G. T., new secretary, assumes office n*36
- Spring meeting at Cincinnati n703, 729
  - Administrative questions discussed by Board of Direction n703
- Steel, higher stresses recommended by Structural Division Committee e178

AMERICAN WATER WORKS ASSOCIATION
- Exhibitors at convention n668
- Manual of water-works practice e627, e755, a771, n782
- Manufacturers' exhibit at convention .. n786
- Meeting at Louisville e753, e755, a771
- Meeting, increased activity reported ... n291

AQUEDUCTS
- Los Angeles aqueducts, sinking, cleaning and testing wells. G. R. Shuey j*820
- Los Angeles aqueduct. (See Los Angeles.)
- Scajaquada Creek aqueduct, Buffalo, N. Y., belt conveyor handles concrete. *149

Arches:
- Unsymmetrically loaded arch.
  - Proper shape, information asked 527
  - Winkler's theorem applicable. H. Cross ..... l 702

Army construction conference to draw many specialists n91
Asbestos paper used in joint between penstock and saddles, Moccasin Creek penstock of Hetch Hetchy water project ... j903
Ash pit piles, charring in steam plant of Portland Electric Power Co., and foundations of building renewed without shutdown e877, C. P. Dunn *888

ASPHALT
- Concrete cutoff at rock-fill dam sealed by asphalt j*532
- Controlling delivery of asphalt mixes C. D. Bickley j285
- Portable plant (Chausse Oil Burner Co.) n*1038
- Roofing, prepared asphalt, specifications adopted from Bureau of Standards investigation n501

Asphyxiation. (See Accidents.)

ASSOCIATED EQUIPMENT DISTRIBUTORS
- Officers elected n414

ASSOCIATED GENERAL CONTRACTORS
- Bids, time for preparing, schedule of Southern California chapter of A.G.C. e753, 761
- Bonding in corporate contract practice, resolution e137, 155
- Code of ethical practice n831
- Construction Foundation fund for fact-finding e137
- Contractor or constructor, open discussion of name 119
- Convention report 155
- Coolidge, Hoover and Work to address convention n91
- Executive Board discussion of legislative bills on construction n783
- Force account in public work, discussion e1043
- Spring meeting, Washington, D. C. n907
- Walbridge, G. B., elected president n*169

Astoria, Ore., fills replace piles under city streets *860
Atlanta, Ga., new water supply and power project n335
Australia:
- South Australia adopts American railway methods 647

Automobile deaths. (See Accidents; Highway traffic; Vital statistics.)
Automobiles. (See Motor Vehicles.)

B

Backert, A. O., death n743
Backfilling. (See Excavating.)
Baltimore, Md.:
- Grain decision not to retard General Electric Co. investigation n576
- Water department as self-controlled utility e138, V. B. Siems a147
- Zoning ordinance partly upset by state court 367

Bank Buildings. (See Buildings.)
Bars, reinforcing, charge of dumping by German exporters being investigated by U. S. Treasury Department n952

BEAMS
- Concrete. (See Concrete.)
- Seat connects reinforced-concrete beams to steel members j*285
- Stresses in continuous beams determined graphically. I. Duberstein *886

Benzenberg, George H., death e963, n*995
Best, C. L., Tractor Co. merged with Holt Manufacturing Co. to form Caterpillar Co. n998
Binghamton, N. Y.:
- Recreation park, municipal. E. H. Prentice *932

Blair, William P., death n*36

BONDS
- Budgeting, address by General Lord to American Engineering Council e137
- Conference of eight associations. Surety bonding reform discussed n412, n910
- Municipal bonds, calculating equal annual payments. J. G. Sullivan ..... l *204
- Municipal bonds issued in 1924 beat record 118
- Municipal bonds. (See cities by name.)
- Reform in bonding should be aided by surety companies. H. V. Swart .... l 946
- St. Louis County to vote on bonds for roads, a hospital, etc. n90
- Surety Association urges joint bonding committee n90
- Tennessee rejects $75,000,000 road bond issue n538

BOOK REVIEWS
- Business of railway transportation: traffic—rates-regulation (H. L. Haney 1028
- Bituminous substances: scientific progress and practical importance (P. E. Spielman)—(reviewed by A. W. Dow) ... 862
- Composition of technical papers (H. A. Watt) 490
- Dairy Engineering (J. T. Bowen) 490
- Detailing and fabricating structural steel (F. W. Dencer)—reviewed by J. C. Moses 123
- Economics of business cycles (A. B. Adams) 698
- Engineering failures and their lessons (E. Godfrey)—reviewed by R. W. Boyd.. 697
- Engineering geology (H. Ries) 489
- Engineers and chemists: status and employment in industry (world survey, of International Labor Office) 862
- Epic of the overland (R. L. Fulton).. 699
- Erdbaumechanik Auf Bodenphysikaelischer Grundlage (Dr.-Ing. K. Terzaghi)—reviewed by G. Paaswell 468
- Field engineering: A handbook of the theory and practice of railway surveying, location and construction (W. H. Searles) 699
- Fortschritte der abwasserreinigung (K. Imhoff)—Reviewed by C. W. Sherman 1028
- Graphic statistics in management (W. H. Smith) 123
- Highway traffic in New York and its environs (H. M. Lewis and E. P. Goodrich) 861
- History of the portland cement industry in the United States (R. W. Lesley, etc.) 328
- Italian hydraulic books reach America .. 697
- Johnson's materials of construction (M. O. Withey) 699
- Legal foundations of capitalism (J. R. Commons) 327
- Manual of Associated General Contractors of America: 1924 issue..... 327
  - Price is $5, not $0.50..... 434
- Municipal budgets and budget making (A. E. Buck 1029
- Municipal index, 1925 699
- Pasteur, life (R. Vallery-Radot) 492
- Patents: invention and method (H. E. Potts) 863

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Personal leadership in industry (D. R. Craig) 863
Population and the social problem (J. Swinburne) 326
Port Development (R. S. MacElwee)—Reviewed by M. W. Williams 1027
Principles of irrigation engineering, with specal reference to South Africa (F. E. Kanthack 1029
Principles of railway transportation (E. Jones) 1028
Public ownership: A survey of public enterprise, municipal, state and federal, in the United States and elsewhere (C. D. Thompson) 698
Rats and how to destroy them (M. Hovell) 328
Regulation of rivers without embankments (Rangoon River, India) (F. A. Leete, and G. C. Cheyne) 863
Reinforced concrete beams in bending and shear (O. Faber)—reviewed by T. D. Mylrea 491
Sedgwick, William Thompson: A pioneer of public health (E. O. Jordan) 327
Sewage disposal in India and the East (G. B. Williams) 863
Sewerage and sewage treatment (H. E. Babbitt) 490
Sixty-three years of engineering (Sir Francis Fox) 861
Social consequences of business cycles (M. B. Hexter) 698
Steinmetz, Charles P., biography (J. W. Hammond) 490
Stroetelnaya mechanika: Tchast pervaya: Soprotevlenee materealov (J. Podolsky)—reviewed by L. Moisseiff .. 326
Structural engineering: Vol. I, Strength of materials; Vol. II, Fundamental properties of materials (G. F. Swain)—reviewed by W. K. Hatt 120
Taschenbuch der stadtentwässerung (K. Imhoff)—Reviewed by C. W. Sherman 1028
Taxation and welfare (H. W. Peck) 863
Technical mechanics: Statics, kinematics, kinetics (E. R. Maurer) 122
Topographic mapping (L. B. Roberts) .. 699
Vauban: builder of fortresses (D. Halevy, translated by C. J. Street) 1027
Boston, Mass.:
Replanning city, cost of e342
Traffic relief planned for downtown streets n371, e371
Boulay, L. A., refuses to resign at Ohio governor's request n452
Boyd, D. K., resigns presidency of Philadelphia Building Congress n372
Brakes:
Power brakes to be tested by American Railway Association n36

BRICK

Paving brick, elimination of one size of wire-cut lug brick n540
Paving brick 2½ in. to be studied by National Paving Brick Manufacturers Association n254
Sand lime brick, one size n336
Sand-lime brick walls tested, at U. S. Bureau of Standards 695

BRIDGE ABUTMENTS AND PIERS

Piers:
Ice thrust on tall piers, as of Dix River gorge bridge. L. F. Harza..l 164
Bridge accidents:
End post of bridge knocked out by automobile, Rochelle, Ill. *1023

BRIDGE DESIGN

American Engineering Standards Committee specifications for bridges, work being done n206
Copenhagen harbor, Denmark, bridge design competition n333
Creosoted deck supports granite block pavement on Harvard bridge n*375
Floor slabs, continuous or discontinous. J. L. Albers ..... l 865
Highway:
Floor slabs in shallow truss spans, should they be made discontinous? L. J. Albers ..... l 662
Impact tests at Iowa State College E. A. MacLean ..... l 662
Riveted bridges of long span, data on service needed. F. C. Ray ..... l 702

BRIDGE ENGINEERING

California court decides county may engage bridge engineer 847
Fifty years ago, bridge engineering. C. Herschel *814

BRIDGE ERECTION

Cantilever method — progressive. (See Bridges, Castleton.)
Missouri River highway bridge at Omaha, widening *1036

BRIDGE FAILURES

Railing failure, Connecticut River railway bridge at Springfield, Mass., and recommended strengthening *200

BRIDGE REPAIRS AND RENEWALS

Harvard bridge, Boston, strengthening and redecking for heavy city traffic. L. E. Moore *692
Springfield, Mass., city must pay for repairs on Connecticut River bridge ..n497

BRIDGES

Arlington bridge at Washington, D. C. authorized n412
Arthur Kill bridges, two, between New York and New Jersey, Gov. Smith signs bill. n574
Atchison Topeka & Santa Fe Ry. bridge over Mississippi River at Fort Madison, Iowa n620
Substructure contract let n665
Bascule:
Seattle, Wash., Montlake bridge, suit of Strauss Bascule Bridge Co. n782, n910
Seattle, Wash., suit of Strauss Bascule Bridge Co. thrown out by court, part of suit about West Spokane St. bridge n910
Bear Mountain bridge. (See Bridges, toll.)
Burrard Inlet bridge, commission to report on n333
Carquinez Strait bridge, contracts substructure and piers awarded, on new financial plan n948
Cast-iron:
France, cast-iron bridge over Rhone at La Voulte, reinforced with steel and concrete *603
Castleton bridge of New York Central Lines, over Hudson River, planning and construction. H. T. Welty..*466, *561
Champlain, Lake, N. Y., bridge across lake considered n496
Chicago, fixed bridges planned n1074
Cincinnati, Ohio, Reading Road bridge, for rapid transit line, continuous three-span concrete bridge *517
Columbia River bridge at Hood River, Ore., safeguarding from fire and other damages *722
Bridge now in service n130
Concrete:
Cincinnati, Ohio, Reading Road bridge. (See Bridges, Cincinnati.)
Cottonwood River, Kansas, old foundations used in replacing steel by concrete span. F. W. Epps *234
Pacheco Creek bridge, mountain pass highway bridge built on sharp curve. H. D. Miller *278
Rib-arch concrete highway bridge over Rock River, Ill. W. S. Todd *643
Copenhagen harbor, Denmark, design competition n333
Cottonwood River bridge, Kansas, old foundations used in replacing steel by concrete span. F. W. Epps *234
Deep Creek bridge in Maryland, quick-setting cement aids completion. B. T. Weston j*741
Detroit-Windsor bridge project again under discussion n868
Dix River gorge bridge, ice thrust on tall piers. L. F. Harza ..... l 164
Fire protection on Columbia River highway bridge at Hood River, Ore. *722
Footbridges:
Double-deck footbridge connects Chicago office buildings *436
Tubular girder made of gas main, for all-welded footbridge j*740
France, cast-iron bridge over Rhone at La Voulte. (See Bridges, cast-iron.)
Harvard bridge, Boston:
Creosoted deck supports granite block pavement n*375
Strengthening and re-decking for heavy city traffic. L. E. Moore *692
Highway:
California, wider and stronger road bridges recommended by a legislative committee 890
Hydraulic surveys aid design of highway bridges in North Carolina. P. K. Schuyler *312
Indiana has $1,000,000 highway bridge program n706
Indiana state highway, Indianapolis-Louisville, bridge building *804
Impact studies by A. H. Fuller and a committee of American Society of Civil Engineers e464
Impact and structural safety. E. Godfrey ..... l 615
Pacheco Creek bridge. (See Bridges, concrete.)
Hudson River Bridges:
Castleton. (See Bridges, Castleton.)
New York City, between 175th and 185th Sts., at Fort Washington Point, $100,000 appropriated for investigation n574
Momentous project in magnitude of dimensions e588
Poughkeepsie bridge, governor vetoed appropriation n616
Indiana highway bridges. (See Bridges, highway.)
Indiana state highway, Indianapolis-Louisville, bridge building *804
James River bridge at Richmond, Va., opened n*745
Landslide movement of steel bridge, Seattle, and restoration of bridge. E. K. Triol *112
Mississippi River:
Atchison, Topeka, & Sante Fe Ry. bridge at Fort Madison, Iowa n620
Substructure contract let n665
High level bridge at New Orleans, permit granted n1033
Missouri River bridge rebuilt for heavier loading a144
Missouri River highway bridge at Omaha, widening bridge and approaches *1006
Montreal, bridge over St. Lawrence River, progress n666
Contract let n909
Pacheco Creek bridge. (See Bridges, concrete.)
Philadelphia-Camden bridge:
Cable wire spinning completed n251
Caisson foundations, open and pneumatic caissons, sinking *920
Construction:
Steelwork, closure of stiffening trusses n*869
Pipe line carried on temporary suspension span over river in Kansas. R. O. Shriver j*288
Poughkeepsie bridge. (See Bridges, Hudson River.)
Railing failure, Connecticut River bridge at Springfield, Mass., and recommended strengthening *200
Railway:
Cincinnati, Ohio, Reading Road bridge. (See Bridges, Cincinnati.)
New York Central Lines' Castleton bridge. (See Bridges, Castleton.)
Riveted bridges of long span, data on service needed. G. H. Pegram ..... l 702
Rock River, Illinois, bridge (See Bridges, concrete.)
San Francisco Bay:
Golden Gate bridge:
War Department Secretary Weeks approves e97
Seattle, Wash.:
Montlake bridge, injunction denied Strauss Co. in suit n782
Montlake stadium bridge, patent suit fails to halt work n250
Stockholm, Sweden, bridge, concrete pipe pile foundations in deep water *568
Suspension:
Contractor's improvised suspension bridge for construction use j*160
Tacoma, Wash., viaduct, expansion joint in viaduct floor carried down into column j*285
Toll bridges:
Columbia River toll bridge at Hood River, Ore.
Now in service n130
Safeguarding from fire and other damages *722
Denison bill n1035
Engineering aspects of a toll bridge project, Bear Mountain bridge. H. H. Sherwin *778
James River bridge at Richmond, Va., opened n*745
British Empire Exhibition at Wembley, renewed in 1925 744
Buffalo, N. Y.:
Filtration plant, substructure and design *322
Substructure construction *358
Tunnel, plugging under high pressure. C. S. Rindsfoos *641
Garbage piggery closed 937

BUILDING CONSTRUCTION

Big building operations, organizing and planning. L. J. Horowitz *428
Cost data wanted by *Engineering News-Record* n947
Finkenberg warehouse, control of concrete during construction. (See Concreting.)
Labor questions. (See Labor.)
Leasing dates and labor e505
Lintels of reinforced concrete, standardized formwork. R. M. Singer ..j*904
Materials:
Sashes, doors, and other millwork, simplification studied n622
Moving forms used in concreting of B. & O. grain elevator, at Baltimore. J. O. B. Coulling *933

BUILDING DESIGN

Beams:
Reinforced-concrete beams connected to steel members by specially designed seat j*285
Stresses in beams. (See Beams; also Stresses.)
Building Code Committee of Department of Commerce recommendation for reduction in floor load design e878
Concrete:
Cantilever floor construction for concrete buildings *845
Stresses developed, N. K. Sheppard. l*1072
Engineer's ethical problems in structural design e217, D. C. Coyle..... 236

BUILDING ERECTION

Stairway built at same time as concrete floors n*375
Building moving:
House cut in half, moved and rebuilt on new foundations. J. J. Birch j*823
Building Officials Conference, meetings n620, n744

BUILDINGS

Bank built over culvert carrying creek, East Palestine, Ohio. N. H. Sturdy..j*988
Canadian National Building, 26-story, for Toronto n907
Chicago Tribune Building:
Equipment and details of building .. 310
Round-corner window sash j*530
Designer, J. M. Howells and R. M. Hood ..... l 702
Steel-frame tower building, 34 stories high *848
Concrete:
Cantilever floor construction for concrete buildings, as in Printcraft Building, Indianapolis *845
Stresses developed. N. K. Sheppard ..... l *1072

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Depreciation on concrete building, 2 per cent reasonable 683
Industrial:
Dye house at textile mill, Monument Mills at Housatonic, Mass., reconstruction *524
International Harvester Co. motor vehicle assembling plant at Fort Wayne, Ind. E. M. Chance *344
Paper mill for making fine paper, Holyoke, Mass., design and equipment of building for Riverside Paper Co. division of the American Writing Paper Co. H. M. Grasselt *274
Paper mill, Oregon City, Ore., building of reinforced concrete. E. L. Williams *808
Research and testing building of White Motor Co., Cleveland *1056
Textile mill, Tallassee, Ala., extension built *202
Turner Construction Co., service and repair plant *100
Nebraska state capitol, heavy foundations on sand rock. R. H. Chambers *107
Printcraft Building, Indianapolis. (See Buildings, concrete.)
Bulkheads:
Canal lock repair. (See Canals.)
Business:
Bank debits vs. clearings as index of general business conditions. G. B. Roberts n*710

C

Cable ferry car of safe design j*903
Cable layer, new device (W. E. Kenney Co.) n*912
Cairo, Ill., city engineering *1066
California court decides county may engage bridge engineer 847

CAISSONS

Death of four workmen asphyxiated in caisson n249
Philadelphia-Camden bridge foundation caissons. (See Bridges, Philadelphia-Camden.)
Camera, motion picture, commercial....n*1079
Canada:
Construction outlook for 1925 .....n215
Geodetic Survey completes long line of precise levels 441

CANALS

Lake Erie-Ohio river canal reported on unfavorably e627, 646
New Jersey ship canal project, money voted n663
N. Y. State barge canal:
Commission to study operations n617
Dredging barge canal to be undertaken n456
Governor Smith suggests conference; figures show canal an expensive luxury e97, a113
Water used without adequate return to state n784
Osage River lock, box bulkhead used in repair of valves. F. Y. Parker j*531
Panama canal:
Anchorage rods on center wall of Miraflores Locks, tightening rods while heated. R. Z. Kirkpatrick ..j*405
Channel widening at La Pita Bend .. 526
Traffic, present and future. R. Z. Kirkpatrick *447
Sacramento, Calif., canal from San Francisco Bay, report on ship canal favorable, four plans 683
Welland canal, to be completed in 1929 1053
Canary Islands to have harbor works costing $5,000,000 .....n620

CEMENT

Alumina cement:
Miles River bridge in Maryland building up disintegrated piles with quick-setting cement mortar. A. F. Shure j*284
Tests of alumina cement concrete by Atlas Lumnite Cement Co. show early high temperatures *320
(See Cement, quick hardening.)
A. S. T. M. research. (See American Society for Testing Materials.)
Aspdin patent facsimile given to Smithsonian Institution n*708
Field museum records modern cement making n*458
German high-grade cement, changes to give early strength, German Portland Cement Association's study 807
Michigan operates a portland cement mill 438
Quick-setting cement aids completion of Maryland bridge. B. T. Weston j*741
Quick hardening, not quick setting. J. L. Miner .....l 865
Steamer carrying bulk cement has self-unloading plant a109
Testing specimens, improvements at Richmond Testing Laboratory. S. H. Sheib j*530
Trade association statistics case in U. S. Supreme Court, clarification of matter hoped for n496
Water-cement ratio in concrete. (See Concrete.)
Cement Manufacturers Protective Association, statistics distribution upheld by U. S. Supreme Court 981
Chains:
Chain block with load sheave mounted on ball bearing. (Yale & Towne Mfg. Co.) n*914
Sling chains for pipe work, safe loading stresses. J. P. Doolan j*739
Chamber of Commerce of United States:
Annual meeting devoted to national and international economics and to matters of importance to municipal engineers.. 900
Building dedicated in Washington, D. C. e879
Charter, Westchester County, of new form 846

CHICAGO, ILL.

Bridges, fixed, planned n1074
Diversion of water from Great Lakes. (See Chicago diversion of water from Great Lakes.)
Highways around city, widening plan...n291
Public health engineering problems a402
Street railways, purchase by city, Ordinance passes council e379, n409
Transit system, purchase defeated in election n616
Water supply:
Filtration plants proposed n*782
Metering program proposed n1033
Water supply for the future city a353
Western Society of Engineers discuss Chicago's development e425

CHICAGO DIVERSION OF WATER FROM GREAT LAKES

Case for Chicago e262
Chicago Sanitary District petitions for a rehearing n948
Cleveland *Plain Dealer* editorial e379
Engineer board on diversion of water from Great Lakes and sewage disposal, report e3, a33
Criticisms of report. J. K. Finch..l 368
Defence of Chicago engineers. R. E. Horton .....l 742
Great Lakes conservation conference suggested by G. W. Fuller a353
Great Lakes Harbor Association and cities on Great Lakes plan further fight against Chicago diversion n948
Permit to divert 8,500 sec.-ft.: text of Major Putnam's permit 448
Petition denied by U. S. Supreme Court n1035
Rain needed—Low water season increases argument against diversion e673
Reprieve for Chicago—Secretary Weeks' order for use of 10,000 sec.-ft. for next five years e427
Temporary diversion to be granted n294
Treaty limitations at Niagara not exceeded e1043
United States Supreme Court decision restricts diversion to 4,167 sec.-ft. n91, e99, 110
United States government retains civil consultants to report on Drainage Canal n250
Weeks, Secretary, begins hearings n369
Chicago Drainage Canal. (See Chicago diversion of water from the Great Lakes.)
Chicago Sanitary District:
Budget $23,763,000 for 1925 ..... n91
Calumet and Little Calumet Rivers, permission to dredge n994
Chicago Tribune Building. (See Buildings.)
Chlorination. (See Water purification.)
Cincinnati, Ohio:
City plan adopted, comprehensive n746
Reservoir for water supply of Eastern Hills suburbs, building wall of reinforced concrete *590
Cipolletti, correct spelling. F. C. Scobey..l 534

CITIES

Demands of cities are increasing, shown by Los Angeles—Owens Valley water dispute e754, 767
Streets. (See Streets.)
Utilities. (See Public utilities.)

CITY MANAGERS

Cape May, N. J., to have city manager .. n92
Kansas City adopts city manager plan ..n371
Rochester, N. Y., plan considered n496
Schenectady, N. Y., rejects plan, e1044, n1076
Yonkers, N. Y., rejects plan...e1044, n1076

CITY PLANNING

Cincinnati, Ohio, comprehensive plan...n746
Cost of replanning, Boston an example..e342
International Town, City and Regional Planning Conference, meeting in New York n663, e715, 733, n745
Foreigners of note as delegates n621
Zoning:
Baltimore, Md., commission on zoning includes two engineers n784
Emergency zoning ordinance *516
Zoning ordinance partly upset by state court 367
Illinois zoning decision unlawful discrimination basis of decision on Aurora case n455
New Jersey, constitutional zoning amendment proposed n370
New Orleans zoning ordinances amended and defined n796
Property-owners Newark, N. J. seek to uphold zoning 475
Texas bill n369
Cleveland, Ohio:
Water supply and sewage disposal discussed by Cleveland Engineering Society n1034
Clothes drier for Moffat tunnel workmen..j*990
Coal handling and storage:
Railway use, small mechanical coaling plant *236

COLUMNS

Collars, reinforced, concrete gunited around base of columns when supported on needle beams. G. E. Goodall *145
Method not new. R. L. Bertin .....l 368
Expansion joint in viaduct floor carried down into column j*285
Seat connects reinforced-concrete beams to steel members j*285

COMPRESSED AIR

Air Compressors:
Fordson drive compressor, design refinements. (Buhl Co.) n*624
Motor, direct-connected, synchronous. (Chicago Pneumatic Tool Co.)...n*541
Portable compressor, light, single-unit (Rix Compressed Air & Drill Co.) .n*913
Vibration minimized in 220-cu.-ft. portable compressor (Sullivan Machinery Co.) n*623
Florence Lake tunnel, ventilation methods and compressed air lines 19,000 ft. long *1010, *1012
Tunnel driven by air pressure, under Duwamish waterway, Seattle *401
Continental Divide, precipitation and runoff. (See Rainfall and runoff.)

CONCRETE

Alumina cement concrete, tests by Atlas Lumnite Cement Co. show early high temperatures *320
A. S. T. M. research. (See American Society for Testing Materials.)
Beams, reinforced-concrete bond resistance tests. W. A. Slater *1050
Cantilever floor construction, in Printcraft Building, Indianapolis *845
Stresses developed. N. K. Sheppard l *1072
Control of concrete:
Contractor aided by longer mix and refinements in proportioning e1003
Fineness-modulus theory applied in construction of Finkenberg warehouse, New York City, shows economy of control of concrete. E. E. Seelye..*811
Proportioning:
Application of new theories in designing for strength, fineness-modulus overemphasized, e917, R. B. Young 942
Depreciation on concrete building, 2 per cent reasonable 683
Finish:
Sands in molds gives attractive finish to precast concrete blocks j*528
Good concrete, qualities discussed e506
Inundating sand method of making uniform concrete. R. L. Bertin *775
Quick-hardening concrete:
Miles River bridge in Maryland, building up disintegrated piles with quick-setting cement mortar. A. F. Shure j*284
Quick hardening, not quick setting. J. L. Miner .....l 865
Railroad concreting improvements e381, C. C. Westfall .....l 534
Roof track on factory, in Germany, for testing automobiles *571
Stone bins, of reinforced concrete, design for. J. M. Taggart *357
Strength:
Ratio of 7-day to 28-day concrete strength. N. M. Finkbinder .....l 164
Tests:
One-day strength test suggested, e1003, Slack and J. E. Boyd 1014
Water-cement ratio, Abrams' checked in Germany by O. Graf. V. P. Maun..*885

CONCRETE MIXERS

Bin has four sloping sides to reduce dead storage (Erie Steel Construction Co.) n*95
Feed-water pump and pipe line (Marsh-Capron Co.) n*42
Folding top for paving mixer (Chain Belt Co.) n*709
Ford-mounted mixer has improved details (Archer Iron Works) n*95
Manufacturers Bureau of A. G. C. discusses standards n414
Measuring batcher, new features (Blaw-Knox Co.) n*541
Name plates, A. G. C. standard, to be displayed at headquarters office of each branch n912
New 26-E 6-bag paver (Foote Co.) n*913
Re-rating 21-E Paver to be 24-E n541
Paving mixer 13-E complies with A. G. C. standards (Koehring Co.) n*40
Speed discharge improvements in paving mixer (Chain Belt Co.) n*337
Standardization:
Mixer Manufacturers' Bureau calls conference n336, n787
Tilting mixers:
New 3½-S (Ransome Concrete Machinery Co.) n*709
7-S, refinements (T. L. Smith Co.) ..n*501
2½ cu.-ft. batch (T. L. Smith Co.)..n*298
Vibration reduced by refinements in design (Lansing Co.) n*750

CONCRETE REINFORCEMENT

Reservoir wall of reinforced concrete, at Cincinnati, Ohio, special reinforcement of wall *590
(See Concrete.)

CONCRETING

Bins for batch measuring.....n*1079
Bonding of alumina to portland cement concrete. H. W. Hay.....l 165
Control of concrete. (See Concrete.)
Curbs:
Spader insures clean finish to curb built monolithically with pavement. R. R. Worsencroft j*738
Fire-damaged slab and columns built up by concrete, at Evansville, Ind.....j288

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Formwork:
Lintels of reinforced concrete, standardized formwork. R. M. Singer. j*904
Moving forms used in construction of Baltimore & Ohio grain elevator. J. O. B. Coulling *933
Gun, concrete, development e342. F. J. Kich ..... l 451
Guncrete builds up slab and columns spalled by fire, at Evansville, Ind.. j*288
Hetch Hetchy tunnels for San Francisco water supply placing concrete lining. W. F. Webb *350
Inundating sand method of making uniform concrete. R. L. Bertin *775
Mortar delivered by belt conveyor up 44-degree incline. (Barber-Greene Co.) n*1038
Predetermining concrete mixtures on two large bridges 184
Scajaquada Creek aqueduct, Buffalo, N. Y., belt conveyor handles concrete *149
Water control in concrete mixing. A. W. Munsell j*404
Conference of State Sanitary Engineers, Louisville meeting e753, n781

CONSTRUCTION

Army construction conference to draw many specialists n91
Associated General Contractors, construction foundation fund for fact finding.. e137
Big building operations, organizing and planning. L. J. Horowitz *428
Camps, radio useful e177
Contract, standard, approved by Joint Conference on Standard Construction Contracts n332
Cost and volume index numbers. (See *Engineering News-Record.*)
Costs:
Delay at five dollars a minute e713
How to keep costs, classification of accounts—labor, materials, quantities, costs and records. A. L. Hartridge a*479
Profit, checking up during construction. B. Lawrence *518
Equipment:
Models of construction equipment, "trumodel toys." (Noble Mfg. Co.) .. n*833
Motor, power improvement. (Waukesha Motor Co.) n*999
Standardization of d.c. and a.c. motors (General Electric Co.) n1078
Incomes from building construction 224
Industrial buildings. (See Buildings, Industrial.)
Materials:
Spring prices, 1923 to 1924 82
Stone, thermal expansion 201
Record year, 1924, shown by *Engineering News-Record* cost and volume statistics *79
Seasonal:
Leasing dates and labor e505
Stone bins of reinforced concrete, design for. J. M. Taggart *356
Suspension bridge improvised by contractor j160
Transport excellence on job at Buffalo filter plant e341
War Department calls many specialists to army construction conference n91
Winter construction e139
Bear Mountain bridge, Holland Tunnel, Saguenay River power development, examples of fast work including winter construction e139
Data wanted e262
Electric heat aids contractor in laying cold weather masonry j*824
Heater, kerosene, portable. (Reynolds Portable Furnace Co.) *214
Hydro-electric power plants, winter construction in Minnesota. G. H. Herrold *230
Water for boilers in cold weather. S. Van Pelt j287
Work for 1925, proposed n*835
Constructors:
Pennsylvania constructors hold annual meeting n454, n498
Container for freight transport, aluminum. (International Motor Co.) n999

CONTRACTORS

Bids and bidding:
Certified check cover for force account overlooked by one bidder Broad St. subway, Philadelphia e713
Highway bids too low, again, warning e837
Kansas City, Mo., garbage disposal contract award held illegal because no competitive bids were asked e918
Time required for preparing bids, schedule of Southern California chapter of A. G. C. e753, 761
Big construction contracts e753
Bonding conference:
Questionnaires, adopted for contractors to fill out, on experience, equipment, financial status e918
Bonding reform should be aided by surety company executives. H. V. Swart .. l 946
Bonds:
Conference of eight societies meets again to discuss surety bonds.... n910
New York City case indicates general sore spot in contract bonding e799
Bradley Construction Co. wins verdict against city of New York on 1911 subway contract n573
Questionnaires on experience, equipment, and financial status, adopted by societies interested in contract bonding e918
Time charge in successful operation by Minnesota contractor. A. S. Milinowski ..... l 165
Turner Construction Co., service and repair plant *100
Utah contractors may sue state road commission n745
War camp suits, cases dropped, against Tuttle, Starrett, Lundoff, Crowell, Foster, McGibbons and Mears n247

CONTRACTS

Bonds:
Bonding conference. (See Bonds: Contractors.)
Bonus and penalty legal, Kentucky decision in Paducah school building case e463
Construction contract, standard, approved by Joint Conference on Standard Construction Contracts n332
Engineering, standard contract, arbitration clauses suggested delay approval by Joint Conference on Standard Construction Contracts n332
Standard contract form:
Joint Conference on Standard Construction Contracts approves standard forms n332
Standard contract forms soon to be distributed n456
Time charge in successful operation, by Minnesota contractor. A. S. Milinowski ..... l 165
Corps of Engineers:
Promotion and salary increases to 400 employees of Corps of Engineers n870
Costs:
Construction work. (See Construction, costs; Economics.)
Crane-run hangers, recurring fault in design details. R. Fleming *567

CRANES

Crawler or truck mounting for light weight crane (Speeder Machinery Corp.) n*337
Control improved by feather-touch lever. (Northwest Engineering Co.) n*40
Index number, monthly, for locomotive crane sales n211
Lubrication details of mobile crane improved. (Universal Crane Co.) ... n*415
Portable crane handles building materials at big cost saving. East Denver high school j*904
Shovel attachment for crane. (Speeder Machinery Co.) n*502
Shovel-crane (Brown Hoisting Co.) .. n*1079
Traction system for crawler crane improved (Industrial Works.) n*952
Culverts:
Highway culvert upkeep e1003
Mathematics as practical aid to headwall estimating. D. D. Burr j*161
Part-circle culverts extensively used in California cities *802
Curves:
Railway curves. (See Railway curves.)
Vertical curves, nomogram for solution, M. P. Smith j*989

D

DAMS

American Falls dam:
Contractor on the American Falls dam bid. L. S. Atkinson, Jr. ..... l 125
Contract awarded to Utah Construction Co. n207
Arch:
Experimental arch dam on Stevenson Creek, design, cantilever and arch elements *816. H. F. Dunham .... l 992
Lake Humphreys concrete arch dam. (See dams, concrete.)
Test arch dam, construction to start soon n497
Backsight, 120-ft. pipe, set at dam curve center, Exchequer dam j*822
Baker River dam is progressing rapidly n535
Baker River dam. (See Hydro-electric power.)
Big Meadows dam, raising dam to store 1,300,000 acre-ft. n830
Black Canyon dam, Idaho, concrete gravity dam, reasons for using this type. W. H. Wheeler and J. L. Savage ..... l 164
Spillway gates, drum type, automatic. J. Hinds *1046
Boulder Canyon dam in miniature j528
Boulder Canyon dam project:
Irrigation and power, joint development favored by Dr. Mead a283
Boulder Canyon hearings deferred until fall n535
Bully Creek dam, in Oregon, which was condemned, fails when overtopped.... n332
Coolidge dam, Gila River, engineers appointed to draw up plans.... n617, n1076
Concrete:
Gravity dam, Black Canyon, Idaho, reasons for using this type. W. H. Wheeler and J. L. Savage ..... l 164
Lake Humphreys concrete arch dam, Colorado, construction. C. A. Gould *315
Dix River dam, world's largest rock-fill dam, construction. G. W. Howson. .. *548
Danville, Ky., water-works require replacement because of backing up water from dam. P. Hansen.. *636
Design considerations *1058, e1043
Earth fill.
Binder of fuel and road oil applied at Encino dam j*737
Drains under earth dams, in connection with French Landing dam failure. A. T. Blythe and G. S. Williams ..... l *1070
Highest earth dam in Scotland..... 278
Encino dam, binder of fuel and road oil applied on earth fill..... j*737
Exchequer dam on Merced River, California.
Construction plant built in narrow canyon *880
Dinkeys used are example of light weight and high power..... e964
Deliveries of material by rail coordinated with railway operation.. e917
Pipe backsight set at dam curve center j*822
Progress as of April 1925..... n663
Failures:
Bully Creek dam failure due to unsupported corewalls n870
French Landing, Mich., dam on Huron River, washout on embankment.... *735
Drains under earth dams, A. T. Blythe and G. S. Williams.... l*1070
Gleno dam failure, owners' experts report 146
Flat Rock dam, report of failure erroneous n864
French Landing dam failure *735
Garza dam for Dallas water-works will impound 63 billion gallons..... *630
Gravity concrete. (See Dams, concrete.)
Guernsey dam on North Platte reclamation project, contract let n782
High dam, Mississippi River at St. Paul, Ford Company develops and uses power *647
High dam, Oswego, N. Y., for development of power n453
Lake Humphreys concrete arch dam. (See Dams, concrete.)
Marquette, Wis., dam and power house of paper company reconstructed. D. G. Moon..... *973
Pacoima dam, Los Angeles county, way cleared for construction..... n411
Powerdale dam, on Hood River, roller gates make up major portion of dam. J. E. Yates *482
Quebec, large dam on Gatineau River at Lake Caboose, projected n35
Rock-fill dams.
Dix River dam. (See Dams, Dix River.)
Rheinedollar Lake dam, asphalt seals concrete cutoff..... j*532
San Carlos (Coolidge) dam surveys begin. n617
Sand dams.
Hydraulic fill construction of two sand dams in northern New York.. *180
San Francisquito Canyon, dam to add to Los Angeles water supply n497
Scour below dams prevented by special toe construction. J. H. Pirie..... l *780
Spillway gates, drum type, automatic, at Black Canyon dam. J. Hinds.... *1046
Spillway profile forms, and high-velocity discharge of overfall dams .... e587.
A. F. Meyer..... *597
French design of spillway profile to prevent dam undercutting. M. Suquet l*866
Preventing dam undercutting. G. W. Jeffery 1866
Spillways:
Ogee section
Defense of Ogee spillway section. J. D. Justin..... l*845
Energy, dissipation of below overflow dams. H. S. Hunt..... l 945
Test arch dam on Stevenson Creek, design, arch and cantilever elements *816
Test dam. (See Dams, arch.)
Tieton dam, in Yakima reclamation project, practically completed..... n908
Toe scour at dams. e587. A. F. Meyer.. *597
Vaal River barrage remarkable for its large gates *224
Virgin Falls dam for power plant for Ontario Hydro-Electric Power Commission planned..... n412
Wilson dam, on Tennessee River, at Muscle Shoals:
Plan of work, construction camp, excavation and sub-foundation and concreting work. *676.*724
(see Muscle Shoals.)
World's largest rock-fill dam. (See Dams, Dix River.)
Dayton, Tenn., question of caring for crowds at evolution trial e918
Deforestation, effect on runoff and on flood prevention in Mississippi River Basin. (See Rainfall and runoff.)
Denmark:
Copenhagen harbor bridge, design competition.. ..... n333
Detroit, Mich.:
Highway, crosstown, Dix-High-Waterloo, assured n36
Sewage disposal and treatment committee to study situation n248
Includes three engineers n666
Subway:
City subway plans active, Greater Detroit subway plan abandoned... n666
Super-highway plan presented to city council n332
Dibdin, W. J. (England), death..... n1075
Diesel engines:
Demand grows, Worthington Pump & Machinery Co., report n458
(See Shovels, Diesel power.)
Dikes:
Missouri River at St. Louis water intake, effect of velocity of water on permeable dike. C. M. Daily..... 649
Diven, John M., death n93
Drafting:
Yellow crayon for marking blueprints A. Vogel ..... l 534

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

DRAINAGE
- Calumet drainage ditch reverses flow of river. R. D. Hammons *432
- Charge of drainage of irrigated lands may be made maintenance charge, decision in an Idaho case 817
- Emporia, Va., town drainage ditches replaced by home-made concrete pipe. 979
- Fairfax industrial district, Kansas City, Kans., drainage and flood protection O. H. Horner *238
- Drills and drilling:
  - Gas engine drive for diamond drill. (Sullivan Machinery Co.) n*1039
- Duluth, Minn.:
  - Trainshed, old, replaced by platform shelters *648
  - Tunnel under ship channel proposed. ... 691
- Dump body, steel, reinforced (Heil Co.) .. *1039
- Dye house, of textile mill. (See Buildings, industrial.)
- Dynamite, use to kill sewage bacteria. T. R. Hasley ..... l 614

E

East Bay, California, permit to extend water system denied by commission n949

ECONOMICS
- Big building economics. (See Economics, construction.)
- Construction
  - Organizing and planning big operations of large construction companies. L. J. Horowitz *428
- Costs:
  - (See Construction, costs; and *Engineering News-Record.)*
- Payments, equal annual, on bond issues. (See Bonds.)
- Profits during construction. (See Construction, costs.)
- Editor visits the city engineer. (See Engineering in the small city.)
- Electrical awards, established by James H. McGraw n947
- Elmira, N. Y., city engineering *858

ENGINEERING
- Contract, engineering, standard, and joint, conferences. (See Contracts.)
- Small town engineering. (See Engineering in the small city.)

ENGINEERING EDUCATION
- Criticism of educational methods. R. Z. Kirkpatrick ..... l 701
- Defense of engineering educational methods. C. T. Johnston ..... l 825
- Defense of young engineers. B. F. Jakobsen ..... l 865
- Enrollment in engineering schools now increasing 64
- "Forget you went to college" e1004
- Society for Promotion of Engineering Education, meeting n703, n1073
- Veterans, rehabilitated, by engineering training. Brig. Gen. F. T. Hines 972
  W. B. West ..... l 1072
- Young engineers not so black as they are painted. J. E. Jewett ..... l 865

ENGINEERING ETHICS
- American Association of Engineers questionnaire, and replies—outstanding practice problems of the profession. e838, D. B. Steinman 851
- Competition, fees, solicitation—outstanding practice problems of the profession, questionnaire and replies. e838, D. B. Steinman 851
- Drafting errors, placing responsibility for. E. W. McKee ..... l 290
- Getting engineering for nothing. e797, L. W. McIntyre ..... l 825
- Open questions discussed. H. B. Sweet .. l 946
- Questionnaires, ethics of engineers' answering, e797, L. W. McIntyre ..... l 825
  - Hattiesburg, Miss., newspaper clipping on highway case. A. O'Brien ..... l 992

ENGINEERING FOUNDATION
- Endowment increase planned n371
- Industrial situation to be studied, with other organizations n37
- Tenth anniversary celebrated n869

ENGINEERING IN SMALL CITY
- Assessment maps, real value of keeping accurate and up-to-date. B. K. Finch. 801
- Astoria, Ore., fills replace piles under city streets *860
- Brick pavements, worn out, resurfacing, Syracuse, N. Y. T. H. Mather 1069
- Bricks laid flat on cobblestone base, Lynchburg, Va. *1020
- Butte, Mont., check valves, vertical, used as air valves on water supply mains. E. Carroll *859
- Cairo, Ill. *1066
- Centrifugal pumps at Waterville meet unusual requirements. A. L. Shaw. *1020
- Culverts, part-circle, used in California cities *802
- Drainage ditches, Emporia, Va., replaced by home-made concrete pipe. 979
- Elevation of standing of city engineer needed e1003
- Elmira, N. Y. *858
- Filing system, flexible, for engineering data. J. Montgomery *892
- Horton, Kan., reinforcing water supply. N. T. Veatch *931
- Jamestown, N. Y. *800
- Lynchburg, Va. *977
  - Street at two levels serves sidehill property *1068
- Newark, Ohio *930
- Paducah, Ky., formwork for large sewers on short-radius curves. J. C. Kelsey *1068
- Parking space provided by reconstruction of gutter section, Jamestown, N. Y. .. *892
- Pavements, resurfacing, New Brunswick, N. J. 979
- Recreation park, municipal, at Binghamton, N. Y. E. H. Prentice *932
- Sewers, formwork for large sewers on short-radius curves, Paducah, Ky. J. C. Kelsey *1068
- Sidewalks, slipperiness and glare eliminated by special construction. W. E. Barker *1069
- Smoke abatement activities, Harrisburg, Pa. 893
- Water supply
  - Staunton, Va., new gravity water supply. L. H. Williamson 803
- Water-works consulting engineers, how selected at Knoxville, Tenn. 979
- Wilkes-Barre, Pa. *891
- Wilmington, N. C. *1018

ENGINEERING INSTITUTE OF CANADA
- Durley, R. J. secretary n703
- Surveyer, A., re-elected president n*248

Engineering museum. (See National Museum of Engineering and Industry.)

ENGINEERING NEWS-RECORD
- Aid to technical instruction, especially on highways. H. Tucker j821
- Barometer monthly on cost and volume index numbers n*416
- Building cost data wanted n947
- Cost and volume statistics show 1924 a record year *79
- Index number of construction cost and volume, new basis *80
  - (See also Business; Industry.)

ENGINEERING RESEARCH
- American Society for Testing Materials, materials research carried on by society e963, 976
- Engineering Museum, nucleus provided by Henry Towne e301
  - (See Engineering Foundation.)

ENGINEERING SOCIETIES
- County orgahizations in New Jersey 1010
- Local chapter of society con incorporate 1015
- Papers:
  - Specifications for society papers e674

ENGINEERS
- Apprenticeship for civil engineers e427
- California court decides county may engage bridge engineer 847
- City engineer of New Orleans put up for city commissionership n206
- City engineering, in small city. (See Engineering in the small city.)
- Engineman, and engineer, distinguished by U. S. Civil Service Commission .. e917
- Jewish engineers organize n37
- Knoxville, Tenn., how water-works consulting engineers were selected 979
- Licensing:
  - Arkansas
    - Engineers come out in favor of registration n333
    - License law becomes effective June 11, 1925 ..... n619, n743
  - Kansas, bill fails? n620
  - Model law approved by American Society of Civil Engineers n166
  - Ohio, licensing bill pending in legislature n536

Freeman, Roger M., death n208
Fritz, John, medal awarded to John F. Stevens n166, n455

G

GARBAGE AND REFUSE DISPOSAL
Buffalo, N. Y., piggery closed..... 937
Cincinnati, Ohio, lets 5-year contract for garbage service.....n782
French suburb, Meudon, protests against Paris plant.....e301
Incineration:
Minneapolis building 210-ton garbage incinerator plant. J. W. Jensen... 640
Industrial wastes:
English practice in trade refuse removal 483
Kansas City, Mo., bids asked on garbage and refuse service.....n412
Kansas City, Mo., contract award held illegal because no competitive bids were asked.....e918
Lansing, Mich., garbage piggery, Michigan lower court enjoins use 483
Pittsburgh, Pa., refuse collection and disposal, under contract, record. Morris Knowles, Engineers, Inc. a1054
St. Louis, Mo., emergency garbage disposal n867
Garden cities, association to promote, proposed n869
Gary, Ind., sanitation program. W. P. Cottingham a610

GASHOLDERS
Waterless gasholders built at Michigan City and Flushing e426, *437

GAS MAINS
Gas main break at Scranton, Pa., engineers discharged following report....n619
Tubular girder made of gas main, for all-welded footbridge j*740

GASOLINE
Tanks:
Failures. (See Tanks, failures.)
Taxation:
Growth of gasoline taxation.....e505
Indiana Senate passes 3c. tax.....n369
Laws proposed need modifying as to use of tax.....e302
Mexico, 3 centavos a liter.....1012
General Electric Co., investigation by trade commission begun.....n458
Giant Power. (See Hydro-electric power.)
Giant Power Survey Board, Pennsylvania. (See Hydro-electric power.)

GOVERNMENT OWNERSHIP
New South Wales, report on condition of government railway..... 560

GRADE CROSSING ELIMINATION
Traffic delay rather than safety governs in grade crossing elimination. A. Richards 349

GRADE CROSSINGS
Safety island. (See Highway traffic.)

GRAIN ELEVATORS
Baltimore & Ohio grain elevator, at Baltimore, moving forms used on concreting in construction of building. J. O. B. Coulling *933
Grand Canyon feature is named Stanton Point n538

GREAT LAKES
Lakes-to-gulf waterway plans laid before Senate committee.....n498
Lakes-to-Hudson waterway board appointed n616
Outlet waterways, study started.....n705
(See Chicago diversion of water; Rivers, St. Lawrence.)
Guncrete builds up slab and columns spalled by fire, at Evansville, Ind.....j*288

H

Hartness, James, seriously ill.....n538
Hayford, J. F., death.....n454, e463
Hayward, John H., death.....n1074
Hering, Rudolph, memorial medal assured.n206
Herminghaus estate riparian rights. (See Rivers, San Joaquin.)
Hetch Hetchy project. (See Tunnels; also Water Supply, San Francisco.)

HIGHWAY ACCIDENTS
Decrease of road accidents in 1924.....e463
(See Accidents;; Highway traffic; vital statistics.)

HIGHWAY CONSTRUCTION
Allegheny County, Pa., much road improvement under way 1061
Bituminous:
Army rolling kitchens transformed into asphalt heating kettles, Texas. L. Ehlinger j*32
Asphalt
Controlling delivery of asphalt mixes. C. D. Bickley.....j*285
Sand driers, output increased by combustion chamber in asphalt plants. C. N. Conner j*33
Brick:
Expansion joints, wide, stop blowouts in brick roads, in Kansas. W. A. Stacey *243
Bypass roads:
Missouri official policy. C. W. Brown. *8
(See Highways, bypass roads.)
Concrete:
Allegheny County, requirements safeguarded road concrete 1017
Burlap cover laid by machine over roads for curving concrete. (Lintz, Jr. & Son).....n*214
Formwork:
Improving forms and form setting..e301
Poor form setting is too prevalent.1 165
Precision in formwork increasing..e628
Selection and setting forms for concrete roads, improving the methods. C. N. Conner.....a*477
Reinforcement logically designed, discussion of design on King County, Washington, highways and Bates Road, Illinois, article in *Engineering News-Record*, Jan. 10, 1924. G. D. Burr.....*595
Vibration method of constructing concrete roads. (editorial summary) S. D. Moore and H. L. Tillson.... *26
Yardage of concrete roads for February n323
Yardage to April and May....n872, n1078
Curves, widened, mechanical road finisher used.....j*532
Equipment:
Equipment for road building, who are the users?..... 2
Machinery. (See Highway machinery.)
Federal aid denied to projects in Arizona constructed by day labor..e797, T. H. MacDonald..... 812
Force account:
Vermont finds increasing economy in road building by force account. T. W. Dix j34
Formwork. (See Highway construction, concrete.)
Grading:
Greenwich, Conn., commission establishes road grading specifications. J. W. Cone 1 992
Losses common in road grading with fresnos e217, J. L. Harrison 229
Grassed road shoulders e545
Gravel roads:
Asphalt surface treatment, in Wisconsin, from report of Highway Research Council a*857
Oiled sub-base for gravel surfacing. B. H. Piepmeier j33
Tar surface treatment, not asphalt. N. M. Isabella.....e1004, 1 1032
Hazard and safeguards of highway structure a*15
Illinois sets itself 1,500 miles for 1925..e588
Job roads construction benefited by motor truck e587
Materials-handling practice on Ohio's "state construction" highways. R. H. Smith j*30
Mileage scheduled for 1925 in 24,000 miles n875
Pennsylvania has record road building year n339
Salt Lake desert, Utah, road built across lake of mud. (See Highway Construction, Wendover cutoff.)
Sand-clay roads, in Georgia, maintenance force reconstruction. H. J. Friedman *270
Shale, burnt, as surfacing material, Arkansas. O. L. Hemphill j32
Slides on road building obtainable at Bureau of Public Roads n292
Stage construction (progressive), materials-handling practice on Ohio River road. R. H. Smith j*30
Surfacing:
Shale, burnt, as surfacing material, Arkansas. O. L. Hemphill j32
Tar surface treatment, not asphalt e1004 N. M. Isabella..... 1 1032
Templet, all-steel for subgrade use. H. A. Blau j*161
Timber road, in portable section, makes California desert road *20
Vermont finds increasing economy in road building by force account. T. W. Dix j34
Wendover cutoff, built across alkali mud flats in Utah, by trench excavation method through salt crust e673, *686

HIGHWAY DESIGN
Hazards and safeguards of highway structure a*15
Impact, relation to pavement design. G. W. Hutchinson *439

HIGHWAY ECONOMICS
Arterial road costs e1044
Bids:
Low road bids, again, warning e837
Contractors, failures e261
Financing of highways, reports of Highway Transport Committee and National Tax Association 73
Maintenance:
Concrete roads, Georgia methods cut upkeep costs. H. J. Friedman *514
Record keeping on highway building. F. E. Harley j*286
Taxation theories e1
Wisconsin, city streets share in motor vehicle tax funds, by new law e673, J. T. Donaghey 695
Highway education:
Engineering News-Record as an aid in instruction. H. Tucker j821
(See Highway research.)
Highway equipment:
Construction and Maintenance equipment, evolution. O. L. Kipp n211, n252
(See Highway machinery.)
Highway financing. (See Highway legislation; Highway economics.)
Highway legislation:
Danger of certain trends e261
New York State, Governor Smith approves act but calls road location an engineering job e627
Highway location:
Legislative road maps; laying out roads an engineering, not legislative, job—Governor Smith of New York e627
Relocating with speed necessary because of location of reservoir, New England j905

HIGHWAY MACHINERY
Bins for batch measuring (Erie Steel Construction Co.) n*1079
Concrete highway equipment:
Joint installer, mechanical (Flexible Road Joint Machine Co.) n*912
Pavers. (See Concrete mixers.)
Paving breakers, two new types (Cleveland Rock Drill Co.) n*669
Strike-off finishing machine adjustable, for intersections (Lakewood.)
Tamper and finisher (Dun Road Machinery Co.) n*39
Graders:
Disk improved (Killefer Manufacturing Co.) n*1039
Grader and scarifier, details changed (Western Wheeled Scraper Co.) ..n*254
Rubber-tired grader, heavy front construction for scarifier attachments (Stockland Road Machinery Co.)..n*953
Guide line for traffic built into pavement by machine (Flexible Road Joint Machine Co.) n*39
Maintenance equipment, upkeep practice in Pennsylvania, interview with W. A. Van Duzer, C. S. Hill *10
Marking machine builds white cement center line (Flexible Road Joint Machine Co.) n*39
Pump for road-building uses (Novo Engine Co.) n*1079
Road Show exhibit e2
(See American Road Builders' Association, Road Show.)
Rollers:
Gasoline (Horst & Strieter Co.) n*297
Light-weight three wheel, with planer and scarifier attachments (Galion Iron Works & Mfg. Co.) n*42
One-man gasoline (Acme Road Machinery Co.) n*750
Roller powered with tractor engine (Good Roads Machinery Co.) n*40
Turntables for road trucks (Blaw-Knox Co.) n*41

HIGHWAY MAINTENANCE
Bituminous:
Texas, army rolling kitchens transformed into asphalt heating kettles. L. Ehlinger j*32
Brick:
Expansion joints, wide, stop blowouts in brick roads, in Kansas. W. A. Stacey *243
Concrete:
Crack fillers for concrete roads, e426, Lakin 1 614
Georgia methods cut upkeep costs. H. J. Friedman *514
Culvert upkeep e1003
Earth road maintenance in Iowa. W. H. Root j34
Earth roads, lime mixed with surface soil improves dirt roads, Missouri. E. J. McCaustland a1055
Equipment, upkeep practice in Pennsylvania, an interview with W. A. Van Duzer, C. S. Hill *10
Gravel roads:
Dust control on gravel roads in Michigan. B. C. Tiney a553
Dust laying on surfaced roads in California. H. S. Comly 398

Iowa road maintenance costs 119
Patrol personnel, organization and instruction. e1004, H. J. Friedman....1013

HIGHWAY RESEARCH

Correspondence school courses in states e754
Grading specifications e547
(See Highway construction, grading.)
Moments and shear produced by one side of 15 and 20-ton trucks, studies in Utah j*407
Purdue University to have road school n130
Reinforcement logically designed, discussion of design on King County, Washington, highways and Bates Road, Illinois article in *Engineering News-Record*, Jan. 10, 1924. G. D. Burr..*595
Highway Research Board:
Janda, H. F., made assistant director ..n539

HIGHWAY SIGNS AND SIGNALS

Bridges on highways, methods of signaling e2
Control of traffic in cities. (See Highway traffic.)
Railway signaling methods for public roads, "vision of comprehension." L. E. Moore *140
R. B. Hussey 1451
Stencils of silk used in painting highway signs, by Ohio State Highway Department. H. B. Neal *608
"Vision of comprehension" at highway grade crossings. L. E. Moore *140
R. B. Hussey 1451

HIGHWAY TRAFFIC

Houston, Texas, control of city traffic by tower with light signs. H. W. Bunsen 1 992
Los Angeles, pedestrians required to move with traffic at street intersections *761
Mid-West motor transport conference held at Chicago n949
National Conference on Street and Highway Safety. (See National Conference on Street and Highway Safety.)
Pittsburgh, Pa., street car tunnel proposed for traffic relief n294
Safety island and wire fence at grade crossings in Florida n*709
Washington state law regulating carriers nullified by U. S. Supreme Court n455
Highway Transport Committee Report on financing of highways a73

HIGHWAYS

Bids. (See Contractors; Highway economics.)
Boulevards, scenic e177
Bronx parkway to be extended to Bear Mountain bridge n705
Bypass highways:
Caution against hurried adoption. J. T. Donaghey 319
Missouri official policy. C. W. Brown *8
Ohio finds bypass roads an important problem e177, G. F. Schlesinger....*200
California desert road made of portable redwood timber sections *20
California highways, classification, continuing income and concentration on primary system recommended by Committee of Nine n334
Chicago, highways about city, widening planned n291
Colorado Midland R.R. grade used as basis for Midland Highway *1016
Concrete:
Vibration method of constructing concrete roads—editorial summary. S. D. Moore and H. L. Tillson *26
(See Highway construction, concrete.)
Desert roads:
"Dips" take the place of bridges on paved road in desert foothills j*284
Detroit, Mich.:
Crosstown highway, Dix-High-Waterloo, assured n36
Super-highway plan presented to city council n332
"Dips" on desert roads. (See Highways, desert roads.)
Dust control. (See Highway maintenance, gravel roads.)
Finance. (See Highway economics.)
Grassed shoulders on French roads. H. W. Durham *701
Gravel roads:
Corrugations, causes. C. S. Jarvis ..1125
Vibration period of tires is cause of corrugations. R. J. Walker ..*776
Hazards and safeguards of highway structure a*15
Holland tunnel, arterial highway planned in New Jersey *731
Illinois mountain roads. R. A. Trufant 1 246
Mulholland highway opened, Los Angeles n370
New Jersey plans arterial road from Holland tunnel *731
Ohio River road, materials-handling practice on stage construction. R. H. Smith j*30
Pennsylvania legislature has $50,000,000 road bond bill n497
Pontchartrain, Lake, causeway 23.3 miles long, proposed n207
Road Show. (See American Road Builders' Association.)
Sliding hill, West Virginia, protecting the highway from damage j*30
Snow removal practice summarized *4
United States highways in western states, to be designated and marked n867
Vision of comprehension of highway signs. (See Highway Signs.)
Wendover cutoff. (See Highway construction, Wendover cutoff.)
West Virginia, protecting highways from sliding hill damage j*30

HOISTS AND HOISTING

Double-drum hoist. (C. H. & E. Mfg. Co.) n*623
Single-drum reversible gasoline hoist for building. (C. H. & E. Manufacturing Co.) n*41
Tunnel, quarry and mine service, single-drum hoist (Thomas Elevator Co.)
Holt Manufacturing Co., C. L. Neumiller new president n576
Holt Manufacturing Co. merged with C. L. Best Tractor Co. to form Caterpillar Tractor Co. n*998
Horton, Kan., reinforcing water supply. N. T. Veatch *931
House moving. (See Building moving.)
Housing, international conference to be held in Paris, in June n949
Hudson Bay, diversion to Great Lakes. (See Waterways.)

HYDRAULICS

Bridge design for highway bridges aided by hydraulic surveys, in North Carolina. P. K. Schuyler *312
Chezy formula, determination of *C* in formula for loss of head in mixing basin, Greensboro, N. C. C. W. Smedberg *476
Dams, overfall, high-velocity discharge and relation of spillway profiles e587, A. F. Meyer *597
Energy lost in hydraulic jump, determined from analysis of mean velocities, J. C. Stevens *928
European laboratories, developments, some impressions by J. R. Freeman...a185, 281
Flow data property of applicant who collected data 476
Friction and velocity tests in Tulsa pipe line e877, F. C. Scobey *894
Loss of head in closely baffled mixing basin, Greensboro, N. C. C. W. Smedberg *476
Loss of head in pipes:
New tables, Darcy coefficients for use in Chezby formula, J. O. Jones.... 240
Wrought-iron pipe, black, new tests of loss of head, L. Perry *272
Reversal of flow in Calumet River caused by Calumet drainage ditch. R. D. Hammons *432
Scour below dams prevented by special toe construction. J. H. Pirie 1*780
Stability of sand, effect of flowing water studied at St. Louis water intake, C. M. Daily 649
Tulsa, Okla., pipe line, flow of water tests for friction show Hazen-Williams *C* above 150, bends and loss due to venturi meter also studied e877, F. C. Scobey *894
Flow losses in large pipes. H. P. Eddy 1 1070

HYDRO-ELECTRIC POWER

Alouette project, British Columbia, construction progress n455
Atlanta, Ga., new water supply and power project n335
Baker River development well started n*293
Beaver River, New York, power development, sand dams built by hydraulic fill *180
Big Creek project, Florence Lake tunnel completed n369
Blue River, Colorado, power resources.. 721
Boulder Canyon dam project:
Irrigation and power, joint development favored by Dr. Mead a283
Canada, export of power discussed by Engineering Institute of Canada ..e425, n453
Conowingo, Md., Susquehanna River project, work held up n334
Power commission secretary comments on objections n573
Developments: 78
Eagle River, Colorado, power possibilities 1026
Exhibition, historical, in Augsburg, Germany 770
Feather River, Big Meadows dam being raised to store 1,300,000 acre-ft.....n830
France, survey of power in use and available 689
Giant power, another utopia e342
Giant power Survey Board, in Pennsylvania, recommendations by Governor Pinchot n333
Scheme killed—no bills passed Pennsylvania legislature n705
Government ownership thwarts development, at present stage of industry—General G. Tripp e838
Great Salt Lake basin, undeveloped power sites 817
Green River, N. C., 70,000-hp. hydro-electric plant to be built n128
Lochaber project, Scotland, 15-mile power tunnel under Ben Nevis mountain...n705
Licenses:
Priest Rapids project on Columbia River n452
Susquehanna River, license issued for 460,000-hp. plant n90
Madison River basin, Montana, available power 613
Muscle Shoals:
Wilson dam, four power units installed 594
(See Dams, Wilson; Muscle Shoals.)
New York State Barge canal dams, power to be sold only to municipalities e262
New York State Barge Canal plants, excess power sold at good figure n950
New York State, restrictions removed from sale of power n616
Niagara Falls, three 75,000-hp. turbines installed e301, *304
Ontario Hydro-Electric Power Commission plans new plant at Virgin Falls n412
Oswego, N. Y., plans development of power at high dam n453
Ottawa River project at Rocher Fondu authorized by Ontario government...n620
Pacific Gas and Electric Co. construction program n369
Pennsylvania Giant Power Survey Board:
Development policy outlined 365
Scheme killed—no bills passed Pennsylvania legislature n705
Permits. (See Hydro-electric power, licenses.)
Plants:
Feather River, California, series of power plants, work to start soon...n867
Kings River project, Balch plant, start of work on plant to use 2470-ft. head n619
Low-head power plant, Pinhook, Iowa, designed for typical mid-west river. E. L. Chandler *702
Minnesota—winter hydro-electric plant construction. G. H. Herrold *230
Mississippi River, near St. Cloud, plans for new plant of Minnesota Power & Light Co. n704
Momoyama hydro-electric plant added to Japanese system. S. Kinugawa..*154
Niagara Falls, three 75,000-hp. turbines installed e301, *304
Pinhook plant, Maquoketa River, Iowa, designed for low-head. E. L. Chandler *702
Rio Cobre Valley, Jamaica, flood damages power plant. F. L. Bronstroph *440, H. L. Cooper 1 451
Susquehanna River, plant near Conowingo, Md., construction contract let n206
Powerdale development, dam. (See Dams.)
Quebec, restriction of export of power e425, n453
Rivers of United States, survey may be made by Federal Power Commission...n665
St. John River new Brunswick, power project n453
St. Lawrence River hydro-electric power, Ontario urges approval of plan for development n293
Skagit project:
Seattle council votes $8,000,000 for further development n292
Survey to aid in deciding next step...n371
Snake River, much power available 478
Tennessee River and the anti-power complex. H. C. Fiske 1 126
Transmission lines:
Southern California Edison new 225-mile line n1073
Staten Island and New Jersey line 65 miles long may connect to Niagara plant lines n452
Tacoma, Wash., long-span power line will use steel cables n497
Utah, new water-power project to be started n128
World, tabulation of developed and potential water power 637
Hughes, C. E., to represent New York State on Water power n744

I

Ice:
Tank tower, ice-load *517
Illinois Society of Engineers:
Meeting n169
Illinois water-works officials hold joint meeting n537
Immigration:
Selecting new Americans according to needs of industries here e465, A. Tallmadge 1 572
Impact:
Highway bridges, impact. (See Bridges, highway.)
Index numbers. (See *Engineering News-Record.)*
India:
Railway lines, checking slides and washouts *268
Vaal River barrage remarkable for its large gates *224
Indiana Section of American Water Works Association, first meeting n207
Indianapolis, Ind., sewage-works opened..n910
Industrial wastes:
Coal mine waste, decision protecting water supplies in Pennsylvania..... 901
New method of treating, paper by C. H. Hurd at meeting of Lake Michigan Sanitation Congress, Indiana section ..a813

INDUSTRY

Bank debits vs. clearings as index of general business conditions. G. B. Roberts n*710
Co-operation discussed by labor and capital, Hoover, Swope and Green being speakers e627, n664
Distribution census considered n374
Engineering Foundation, National Research Council and many other organizations to make nationwide study of industrial situation n37
Kansas, Court of Industrial Relations, U. S. Supreme Court rules against n666, e673, a690
Round Tables initiated e627

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

International Chamber of Commerce, Brussels meeting announced n993
International Congress of Building Industry
United State delegation named n746
International Harvester Co. motor vehicle plant at Fort Wayne, Ind. (See Building, industrial.)
International Housing Conference to be held in Paris in June n949
International Public Works Congress to be held in Paris 292
International Railway Congress, delegates appointed n909
International Sanitary Engineering Conference may be in United States n292
International Town, City and Regional planning Conference, meeting in New York e715, 733, n745
International Trade Exhibition to be held in New Orleans, La., in September n952
Interstate Commerce Commission:
Rates in interstate and foreign commerce to be investigated n537

INTERSTATE WATER COMPACTS

Colorado River, seven-state compact.
Arizona resolution on Colorado compact withheld by Governor n618
Six signatory states, new provisions for ratification n574
Six states approve pact n869
Delaware River, tri-state compact for utilization of Delaware River water e219, 233
Waits further action by states n784
New Mexico-Colorado water compact ratified by Congress 431
Status of interstate water compacts on seven rivers 431
Inundator, sand. (See Concreting.)

IRRIGATION

Boulder Canyon dam project, irrigation and power, joint development favored by Dr. Mead a283
Drainage of irrigated lands may be charged to maintenance, decision in an Idaho case 817
Failures and successes e828
Nevada Irrigation District, Yuba River and Canyon Creek, application rejected by Federal Power Commission n1035
Salt Lake meeting of American Society of Civil Engineers held in a good location for irrigation lessons e964
Washington irrigators favor fixed payments n130
Italy:
Railway, international, to France proposed 311

J

Jamestown, N. Y., city engineering 800
City saves 75 per cent of 25-year old brick 932
Japan:
Momoyama hydro-electric plant added to Japanese system. S. Kinugawa *154
Tokyo, Subway planned, 50 miles in length *971
Joints:
Expansion joints carried down into columns. (See Columns.)

K

Kansas City, Mo.:
Garbage disposal contract award held illegal because no competitive bids were asked e918
Traffic, four major ways advised n666
Water supply, bids soon to be asked n247, n332
Kansas Court of Industrial Relations. (See Industry.)
Kearney, Neb., water-works improvements. E. L. Ferguson *884
Kelly, Col. W.:
Resignation as chief engineer of Federal Power Commission, retirement from Army, director of N. E. L. A., continue as member St. Lawrence board n830, n868
To join Niagara Falls Power Co., is report n535
Kendrick bill. (See Land reclamation.)
Kitchens, rolling, of army, transformed into asphalt heating kettle j*32
Knoxville, Tenn.
Water-works consulting engineers, how selected 979
Kruttschnitt, Julius, retirement n665
Death n1034

L

LABOR

Apprenticeship:
Cleveland trade school graduates 150 apprentices n704
California, open shop plan upheld by U. S. Supreme Court n703
Camps:
Clothes drier for Moffat tunnel workers j*990
Kansas Court of Industrial Relations, decision. (See Industry.)
Outlook for 1925 84

LAND RECLAMATION

Appropriations of nearly $10,000,000 pass Congress n452
Calumet River district reclaimed by drainage ditch. R. D. Hammons *432
Chico project, Calif., land appraisal and reclamation n127
Colony bill favorably reported n291
Congress changing attitude toward reclamation n208
Congressmen to visit reclamation projects 571
Drainage of swamp lands in Missouri, state bill asking federal aid 1061
Farm Communities Association formed to encourage land settlement n870
Financial soundness e179
Kendrick bill proposed added colonization units in new projects e303
Bill fails n452
Mead, Dr.:
Some of his policies opposed n250
Newlands reclamation projects, Spanish Springs reservoir in new appropriation bill n129
North Dakota, state settlement proposed. C. M. Daily 649
Railroads urged to aid in reclamation development n497
South Carolina, state land settlement proposed 25
State co-operation e1003
States to aid in new projects, required in appropriation bill passed by Congress n705
Swing-Johnson bill. (See U. S. Bureau of Reclamation, Boulder Canyon dam project.)
Unfarmed area of irrigated lands. E. B. Debler l290
(See National Drainage Congress.)
Warning by Dr. Mead to land holders to pay up n1034
Legislation:
Construction legislation, subject of one bill in ten in state legislatures e877
Lemniscate. (See Railway curves.)
Licensing of engineers. (See Engineers, licensing.)
Lintels. (See Building construction.)
Litigation:
Bridges, in Seattle. (See Bridges, Seattle.)
Lober, John B., death n*92

LOCOMOTIVES

Dinkeys used at Exchequer dam example of light weight and high power e964
Gasoline locomotive, 4-ton, (G. D. Whitcomb Co.) n*542
Gas locomotive, 18-ton, new, for switching and industrial service (Fate-Root-Heath Co.) n*337
Gasoline locomotive, 13-ton, standard-gage, with airbrake equipment (Vulcan iron Works) n*623
Gasoline, 15-ton, for all track gages, for general construction and for plant service. (Milwaukee Locomotive Manufacturing Co.) n*40
London:
Subways, vehicular, new 780
Ozone plant for air in tube *321
Long Beach, Calif., harbor work to be extended n909

LOS ANGELES, CALIF.

Aqueduct, sinking, cleaning and testing 75 new wells. G. R. Shuey j*820
Aqueduct 268 miles long from Colorado River planned e545, 560
Higher demands of cities e754, 767
Pedestrians required to move with traffic at street intersections *761, A. W. Bunsen l992
San Francisquito Canyon, dam to add to Los Angeles water supply n497
Water consumption indicates 100,000 growth n129
Water supply:
Bonds to be voted on n910
Owens Valley dispute, settlement prospects better e754, 767
San Fernando wells supplement Los Angeles aqueduct flow n411
Los Angeles County:
Metropolitan sewer plan. e1003, A. K. Warren *1026
Water resources:
Pacoima dam (See Dams, Pacoima) .n411

LUMBER

Marking, with grade and trade marks. .n872
Shingles, imported, each must have stamp of origin n540
Marking of foreign shingles, previous ruling of U. S. Treasury Department n622
Standardization conference n540
Thickness, present standards retained by general conference n786
Waste prevention contest n873
Lynchburg, Va., city engineering *977
Street at two levels serves sidehill residence property *1068

M

Manholes:
American Engineering Standards Committee to organize sub-committee on standardization of manhole frames and covers e426, n454
Manila, Philippine Islands, large shipping pier, design and construction, use of large concrete piles, cargo-handling machinery e713, E. C. Earle *716, *756
Manufacturers:
Statistics show status of manufacturers in U. S. n500

MAPS AND MAPPING

Aerial photography:
Bureau of Standards develops instruments 640
Canada, topographical surveys of extended territory 148
Railway reconnaissance surveys by aerial methods in Canada. H. K. Wicksteed *220
H. R. Faison l408
H. K. Wicksteed l614
Towers, telescopic, for aerial photographing j*289
Stereophoto surveying from the air. Brock process e588, *604
Pioneer locating engineers and airplane surveys. H. R. Faison l946
Topographic mapping of United States provided for in Temple bill n248
House of Representatives passes bill n331
Signed by President Coolidge ..400, e463
Water colors for topographic maps. C. V. Mann j902
Maw, Dr. W. H., biographical data wanted n868
Marine borers:
Teredo destroys piles in 2½ months, San Francisco Bay *189
Marinette, Wis., dam and power house of paper company reconstructed. D. G. Moon *973
Materials:
Research carried on by American Society for Testing Materials 976
(See Construction.)
Mathieson Alkali Works, break in retaining wall causes 19 deaths n91
Man suspected of dynamiting retaining wall n206
McClenahan, Dean, of Princeton, goes to Franklin Institute as secretary n909
McGraw-Hill Co. sales convention ..e218, n247
McGraw, James H., establishment of awards for electrical men m947
Merriman, Mansfield, death e963, n*993

METALS

A. S. T. M. metals committees discuss new specifications and research n536
Endurance:
Non-ferrous metals, endurance tests at Annapolis 527
Fatigue tests, and the theory of elasticity e217, H. F. Moore 225
Research carried on by American Society for Testing Materials 976
Michigan operates a portland cement mill.. 438
Milwaukee, Wis., traction service-at-cost plan rejected in election n616
Millwork simplification studied n622
Mines, Bureau of. (See U. S. Government.)
Minnesota engineer societies hold concurrent sessions n248
Mississippi River. (See Rivers.)
Mississippi Valley state highway officials elect officers n128
Mobile, Ala., port development work. A. C. Davis *1024
Models:
"Trumodel toys," models of construction equipment (Noble Mfg. Co.) n*833
Mortar mixing boxes of steel (Heltzel Steel Form & Iron Co.) n*577
Mortar, new composition material for inside and outside walls (Louisville Cement Co.) n*709

MOTOR TRUCKS

Floor removable in steel motor truck body (International Motor Co.) n*874
Radiator, new features, 3-ton truck (Republic Motor Truck Co.) n873
Six-wheel unit for heavy-duty motor trucks (Six Wheels, Inc.) n*708
Stake body, new, for Ford truck (Ford Motor Co.) n*833

MOTOR VEHICLES

Cost of Ford car on survey work. W. A. Weldin l866
International Harvester Co. motor vehicle assembling plant at Fort Wayne, Ind., planning and building. (See Buildings, industrial.)
National Automobile Chamber of Commerce report for 1924 ..... n872
Number used by Missouri Highway Department n540
Registration makes new record in 1924. .n296
Research and testing building of White Motor Co. at Cleveland *1056
Roof track on factory, in Germany, for testing automobiles *571
Tractors. (See Tractors.)
Trailers:
Rubber-tired trailer, capacity 25 tons, used by power company j*533
Semi trailers, quantity production planned by Martin Company n622
Atterbury Motor Car Co. new models. n*623
Motors. (See Construction, equipment.)

MUNICIPAL GOVERNMENT

Kansas City to vote on council manager plan n294
New Orleans, an engineer for city commissioner e97
Small town engineering. (See Engineering in small city.)
Water department, independent of city government, Baltimore e138, V. B. Siems a147

MUNICIPAL IMPROVEMENTS

Bonds issued in 1924 for municipal improvements beat record 118

Portland, Ore., reconstruction of Front Street *394
Municipal ownership:
Chicago street railways. (See Chicago.)
Municipal planning. (See City planning.)

MUSCLE SHOALS
Appropriation for continuation of work on Dam No. 2 ..... n292
Commission appointed by President Coolidge to study problem n535, e546, n574, n617
Waldo, W. G., and Murray, W. E., members n666
Meeting n1035
Congress adjourns without acting n454
Leasing of power and other questions.. n703
Underwood bill returned to conference.. n372
Wilson dam on Tennessee River:
Construction plan and foundation exploration *676
Four power units installed 594
Plan of work, construction camp, excavation and sub-foundation and concreting work *724
Muck-car switcher used in Moffat tunnel, who was designer j*403
D. J. O'Rourke and C. A. Betts... l 615
Mucking. (See Tunnels.)

N

Napa, Calif., new water supply completed.. n333
National Automobile Chamber of Commerce report for 1924, on motor vehicle and highway trend n872
National Conference on Street and Highway Safety:
Hoover sends conference reports to governors of states n35
National Drainage Congress:
Convention reports, farm drainage, water storage, improvements on old districts, J. W. Dapper, C. E. Jacoby and C. H. Young a152
National Electric Light Association, meeting e1043, n1073
Meeting n35, n128
National Fire Protection Association, meeting in Chicago n868
National Lime Association meeting n540
National Museum of Engineering and History:
Building plans n*333, e1043
Insull, S., president n997
Towne, Henry, wills money for..... e301
National Research Council:
Industrial situation to be studied with other organizations n37
National Tax Association Report on financing highways a74
Nebraska capitol building, heavy foundations on sand rock. R. H. Chambers. *107
Newark, Ohio, city engineering..... *930
New Brunswick, N. J.:
Resurfacing worn-out pavements..... 979
New Jersey rapid transit report endorses loop plan, of D. L. Turner n249
New Jersey Sewage Works Association, record breaking attendance n574
New Jersey Society of Professional Engineers, meeting n535
New Jersey state water policy commission created n745
New Orleans, La.:
Mississippi River high level bridge, permit granted n1033
City engineer put up for city commissionership n206
Engineer's election to commission assured n334
An engineer for city commissioner..... e97
New York Building Congress:
Craftsmanship certificate awarded..... n293

NEW YORK CITY
Bonding question under Hylan administration indicates general sore spot in contract bonding e799
Freight-interchange between railway and canal, by New York Central R.R., ordered n249
Narrows tunnel. (See Tunnels.)
Paving for 1924 cost $14,000,000.... n299
Queensborough subway extension, construction *264
Rapid Transit:
McAvoy report exonerates state transit commission n294
McAvoy report, Governor Smith transmits to legislature, but recommends abolition of New York State Transit Commission n333
New Jersey rapid transit report endorses loop plan of D. L. Turner.. n249
Sewage disposal:
Committee appointed to study n38
Sewage-works, under-ground at Canal St., W. Goldsmith..... *611
Suburban traffic to be studied by commission n620
Subways:
Slattery, Col. J., deputy chief engineer of New York Transportation Board on construction of new subways.. n495
Water supply:
Tunnels, additional, to supply Brooklyn and Queens, proposed, cost $67,249,000 ..... n743
West Side elevated highway proposed.. n249
New York Edison Co., steam power plant, total capacity 720,000 hp., to be built on East River, New York n910

NEW YORK PORT AUTHORITY
Competitive bidding by engineers on two Staten Island bridges. W. S. Kinnear. l 126
Narrows tunnel. (See Tunnels.)
Taxation of Port Authority property proposed n249

NEW YORK STATE
Engineer submerged in proposed departmental reorganization e341
Fewer state departments to be voted on in fall n498
State engineer, engineers oppose law to abolish position n372
State Engineer Finch names staff n127
Transit Commission:
Governor Smith recommends abolition. n333
Lancaster, W. C., appointed chief engineer n910
Water power state rights, C. E. Hughes as counsel n744
Niagara Falls, hydro-electric power plant, and turbines. (See Hydro-electric power.)
Nicoll-Hofstadter Act. (See Tunnels, Narrows tunnel.)
Nomogram for determining hours of sunlight j*162
Nomogram for determining vertical curves. (See Curves.)
Norman, sinking of steamer. (See Accidents.)
North Atlantic States, Association of Highway Officials, meeting e379, n412
North Dakota engineers hold joint meeting n538

O

Ogee section of spillways. (See Dams, spillways.)
Ohio Engineering Society meets at Columbus n454
Oil-tank barge of welded steel 118
Owens Valley water dispute. (See Los Angeles, water supply.)
Oxyacetylene cutting does not injure ductility of steel *939
Oyster cause of typhoid. (See Typhoid fever.)
Oysters:
Conference on sanitary control, held by U. S. Public Health Service.... n370
Sanitary control of oyster industry.. e343
Sanitary surveys of oyster supply to be made by U. S. P. H. S. n495
Ozone plant purifies air in London railway tube..... *321

P

Pacific Coast Association of Port Authorities, meeting n1075
Pan-American Highway Commission:
Meeting to be at Buenos Aires.. n667, n1074
Pan-American Highway Congress:
United States participation arranged by appropriation n331
Panama Canal Zone flood in November, 1924. R. Z. Kirkpatrick *244
Paper mill, design. (See Buildings, industrial.)
Parabolas, constructing by points j*820
Paris:
Traffic regulation, plans 235
Parking. (See Streets.)
Patents:
Bureau of Patents transferred to Department of Commerce n535
Rock crusher case, Traylor vs. Worthington, court denies review of case.. n459
Valve case, patent upheld n296
Patrolmen. (See Highway maintenance.)

PAVEMENTS
Brick:
Brick pavements, worn out, resurfacing, Jamestown, N. Y. 932
Syracuse, N. Y. T. H. Mather 1069
Water-bearing clay subgrade under brick repaving, Pine Bluff, Ark. F. R. Allen *613
Curb built monolithically with pavement, spader insures clean finish. R. R. Worsencroft j*738
Impact, relation to pavement design, G. W. Hutchinson *439
Cobblestone base and bricks laid flat, lynchburg, Va. *1020
Slipperiness and glare of sidewalks eliminated by special construction, W. E. Barker *1069
Paving breakers. (See Highway machinery.)
Paving materials, census figures n94
Payments, equal. (See Bonds.)
Pencils, colored, improved thin leads. (American Lead Pencil Co.) n515
Pennsylvania Giant Power Survey Board:
Developments policy outlined 365
Scheme of Giant power killed—no bills passed Pennsylvania legislature.... en705
Penstocks:
Asbestos paper used in joint between penstock and saddles, Moccasin Creek penstocks, Hetch Hetchy water project. j903

PHILADELPHIA, PA.
Broad St. subway:
Bid suit, hearing held n537
Big contract, one of largest known.. e753
Certified check cover for force account overlooked by one bidder e713
Contracts 105 and 106, 7 mi. of line, shaft and ramp methods of construction e837, *840
Keystone State Construction Co.
Fails to receive contract because of court injunction n573
Suit regarding Broad St. subway contract n667
Keystone Co.
Starts work on Contract 105. .... n746
Terminal plans, changes save money for city n1035
Surface car subway lease developed.... n299
Water supply:
Upland water supply plan recommended n169

PIERS
Manila, Philippine Islands, large shipping pier, design and construction, use of large concrete piles, cargo-handling machinery. e713, E. C. Earle... *716, *756
Manila pier-work resembles that at Halifax. A. F. Dyer ..... l 1031

PILES AND PILE DRIVING
Charring of piles under great heat of ash pit of steam plant of Portland Electric Co. e877, C. P. Dunn..... *888
Comparative tests on piles basis for selecting best type, Los Angeles harbor.. 446
Composite wood and concrete piles driven in Chicago wood portion below level of saturation *186
Concrete piles built under pressure, in England j163
Decomposition when exposed to heat, L. G. Hall ..... l 1032
Miles River bridge in Maryland building up disintegrated piles with quick-setting cement mortar. A. F. Shure.. j*284
Missouri River at St. Louis:
Water intake, effect of velocity of water on piles. C. M. Daily..... 649
Road Show, tiny model rig will drive piles. (McKiernan-Terry Co.)..... n*41
Telescopic leads guide steam hammer in driving piles 80 ft. under water. (McKiernan-Terry Co.) n*94
Teredos, destroying concrete piles. (See Marine borers.)
Tilting piles in Chicago river-front building replaced by piers and concrete footings *818

PIPE AND PIPE LINES
Acetylene distribution on welded pipe line in Texas j*738
Brass and copper pipe for water services and plumbing. W. G. Schneider.... a570
Bridge span, temporary, carries pipe line over river in Kansas. R. O. Shriver.. j*288
Concrete pipe line and flume for factory waste water, Decatur, Ill *475
Costs:
Unit costs noted from bids on 22-mile pipe line for Vallejo, Calif., in Gordon Valley n915
Hanger for pipe and cables, fits horizontal and vertical beams (G. Popps, inventor.) n*873
Insulation for steampipes under superheat (Philip Carey Co.) n999
Jointing pipe in wet trench, by use of cofferdam in bell holes. S. P. Baird. j*902
Loss of head in pipes. (See Hydraulics.)
Reynolds' formula for flow of water in pipes. R. W. Powell ..... l 494
St. Louis, Mo., contract let for $1,800,000 steel pipe line n250
Sling chains for pipe work, safe loading stresses. J. P. Doolan j*739
Socket fittings, cast-iron, with medium radius bends. (Grinnell Co.) n*1040
Tulsa, Okla., 50-mile 54-in. and 60-in' pipe line, friction and velocity tests; Hazen-Williams *C* above 150, e877. F. C. Scobey *894
Flow losses in large pipes. H. P. Eddy ..... l 1070
Vallejo, Calif., electrically-welded steel pipe line j654
Vitrified clay pipe made in 16th century in Peru and used under pressure. J. L. McClinton ..... l *906
Vitrified pipe. (See Water mains.)
Washington, D. C., conduit, first cost, durability and capacity basis of award. 402
Pittsburgh, Pa.:
Traffic, street car tunnel proposed for traffic relief n294
Transit system, first unit proposed *555
Pittsburgh Plus:
Effect on prices eight months after order n542
Poles:
Copper-steel transmission pole. (Truscon Steel Co.) n913
Pontchartrain, Lake, causeway 23.3 miles long proposed n207

PORTS AND HARBORS
Canary Islands to have harbor works costing $5,000,000 ..... n620
Fort Nelson harbor works damaged... 314
Mobile, Ala., port development work, A. C. Davis *1024
Terminals:
Seattle, Wash., plan of railway and ship terminals *600
Power:
Steam:
Motion pictures of power development, made by Stone & Webster n293
(See Hydro-electric power.)
Public Health.
Environmental control in public health program. A. Wolman a276
Pennsylvania, state health appropriation 944

PUBLIC UTILITIES
Customer ownership plan in New Jersey and New York e547
Power company and water district adjust differences, Waterville, Maine. A. L. Shaw j*660
Valuations in physical values of waterworks, electric light, street railways, and gas utilities. C. F. Lambert *768

PUMPS AND PUMPING
Centrifugal:
Double-suction pump designed to neutralize end thrust (Earle Gear & Machine Co.) n*670
Motor of 2,700-hp. capacity for Clackamas dredge (Westinghouse Co.) n787
Waterville, Me., centrifugal pumps meet unusual requirements. A. L. Shaw *1020
Double stroke, deep-well pump (A. D. Cook.) n*873
Interceptor in suction lines serves as centrifugal pump primer j*287
Manchester, England, pipe line, pump instead of siphon 229
Motor truck or motor car engine operated pump, called Barton portable pump (American Steam Pump Co.) n914
Road-building pump (Novo Engine Co.) n*1079
Screw turbine pump for handling activated sewage sludge. (F. J. Kimball Co.) n*459
Trench force pump, double-acting (Domestic Engine & Pump Co.) n*669
Trench pump data tabulated by A. G. C. n414

R

Radio:
Construction camps find radio useful.. e177

RAIL AND WATER TERMINALS
Detroit, Mich., new rail and water facilities planned n909
(See Railway terminals.)

RAILWAY ACCIDENTS
Soo Line (Minneapolis, St. Paul & Sault Ste. Marie), accident near Chippewa Falls, Wis., causes eight deaths n35
Railway appliances shown at Chicago exhibit n500
Correction n576
Railway cars:
Brakes, power, to be tested by American Railway Association n36

RAILWAY CURVES
Lemniscate as a transition curve. A. Llano l*245
G. Paaswell l408

RAILWAY LOCATION
Aerial reconnaissance in Canada, for Abitibi Southern Ry. H. K. Wicksteed *220
(See maps and mapping, aerial photography.)
Railway Location. (See Railway surveys.)
Railroad research:
Roadbed, research on permanent roadbeds for railways, advocated by F. H. Alfred e674

RAILWAY SIGNALS AND TRAIN CONTROL
Automatic train control:
Delaware & Hudson loses case n995
Signal bases, Southern Ry., Birmingham Division, concreting plant on flat car j*405

RAILWAY STATIONS
Construction during 1924, general report. 86
Duluth, Minn., trainshed, old, replaced by platform shelters *648
Ogden, Utah, union station, roof trusses of large timbers *938
Philadelphia, new main passenger terminal of Pennsylvania R. R. *898

RAILWAY STRUCTURES
Coaling, a small mechanical plant *236
Trainshed, old, at Duluth, Minn., replaced by platform shelters *648
Railway surveying, aerial methods in Canada. H. K. Wicksted ..... 220, l 408
Railway surveys from the air. H. R. Faison ..... l 408

RAILWAY TERMINALS
Cleveland, Ohio, tower 705 ft. high proposed for new terminal n*704
Construction of railway and marine terminals, 1924, general report 86
Monon Line (Chicago, Indianapolis & Louisville Ry) double-deck freight terminal at Indianapolis *354
Philadelphia, Pa., plans for main passenger terminal station of Pennsylvania R. R. *898
Pueblo, Colo., $4,000,000 terminal proposed n781
River terminals. (See Rail and water terminals.)
Seattle, Wash., plan of railway and ship terminals *600
War-time terminals, using e546

RAILWAY TRACK AND TRACKWORK
Baltimore & Ohio R.R. completes track elevation at Pittsburgh. W. M. Ray.. *397
Brakes control railway cars in gravity switching j407
Chicago & Western Indiana R.R., track elevation n207
Chicago, Milwaukee & St. Paul Ry. elevation in Mayfair district n371
Culverts in fills, load on (A. R. E. A. committee report) a487
Gage:
Standard and narrow gage compared for logging railroads a442
Illinois Central Ry., new Kentucky branch, tracklaying *392
Paving:
Railway grade crossings paved with Kentucky rock asphalt j*404
Rails:
Canted rails again adopted in France. 396
Canting track rails. (A. R. E. A. committee report) a488
Saving and conditioning old rails. (A. R. E. A. committee report.) a488
Roadbed:
Research on permanent roadbeds for railways, advocated by F. H. Alfred. e674
Ties:
Hollow steel ties tried in Germany.. 273
Steel ties designed by A. R. E. A. committee 770
Traveling cranes reduce cost of handling ties j406
Treated ties, economy, U. S. Forest Products Laboratory report 844
Trestle practice in Queensland, Australia *1065
Weeding machine on French railways.. j533

RAILWAYS
Abitibi Southern Ry., Canada, aerial reconnaissance. H. K. Wicksteed *220
(See maps and mapping, aerial photography.).)
Alaska R.R., revenue and expenses.. 430
(See Alaska.)
Algeria, development of French railways 183
Ann Arbor R.R. sold to Wabash n1035
Atchison, Topeka & Santa Fe Ry. plans extensions in Texas n616
Australia, new uniform-gage line in New South Wales 901
Baltimore & Ohio R.R. completes track elevation at Pittsburgh. W. M. Ray *397
Boston & Maine Ry.:
Rail-motor cars, buses and branch lines 819
Store-door delivery, proposed n909

Willow poles, planted, protect steep banks in Canada and New York State.) *822

RIVERS

Behavior of debris-carrying rivers in flood, studies in the Southwest. F. N. Holmquist *362
Calumet River, flow reversed by Calumet drainage ditch. R. D. Hammons .. *432
Cape La Croix Creek relief channel eroded far beyond bounds. C. E. Ramser ... *391
Colorado River:
Brief summary of data *57
New Mexico-Colorado water compact ratified by Congress 431
Senate Committee on Irrigation and Reclamation to make investigation. n412
Seven-state compact:
Arizona resolution on Colorado compact withheld by governor n618
Six signatory states, new provisions for ratification n574
Six states approve pact n869
Columbia Basin project:
Board of Engineers report on five plans, cost may be $200,000,000. 400
Report believed not complete n413
Delaware River:
Tri-state compact for utilization of Delaware River water e219, 233
Waits further action by states.... n784
Erosion:
Cape La Croix Creek relief channel eroded far beyond its bounds. C. E. Ramser *391
Hudson River port district proposed for upper Hudson n453
Mississippi River:
Controlling river, "levees only" policy held to by commission and other plans not advocated. C. L. Potter. 556
Orleans Levee Board would remove levees at Point a la Hache n686
Regulation of river, history of, and description of works on three sections of river. C. L. Potter ..e505, *508
Spillway to be created by removal of 11 miles of levees n783
Missouri River:
Control at new water-works for St. Louis 633
Rio Grande International Commission, Coolidge appoints United States members n129
Rio Grande River district, storage embargo lifted by Interior Department Secretary Work n948
Sacramento River salinity survey, appropriations n453
Sacramento River to be deepened, $3,000,000 bonds voted n746
St. Francis River and Black River, Missouri and Arkansas, commission proposed n294
St. Lawrence River:
Bill would appropriate $275,000 for St. Lawrence River study n248
Ice problems studied by Joint Board of Engineers n867
Ice studies and channel enlargement n994
Joint Board of Engineers:
American members of board have field work plan n537
Instructions by United States and Canada on what study shall cover e715, 720
United States members meet at Detroit n495
Ontario urges approval of plan to develop St. Lawrence power n293
San Joaquin River:
Herminghaus estate, court decision on riparian right to flood waters n370
Injunction against power company's impounding flood waters e505
Stockton channel, dredging plan approved n372
Survey of all rivers of United States, tentative plan n665
Tennessee River and anti-power complex. H. C. Fiske ..... l 126
Tennessee River development, plans outlined n1033
Riveting forge, one-piece hearth (Buffalo Forge Co.) n*1079
Road maps. (See Highway location.)
Road Show. (See American Road Builders Association, Good Roads Show.)
Road show, outdoor, for New England ... n787
Roadmasters and Maintenance of Way Association, subjects for track meeting.... n745
Roof track on factory, in Germany, for testing automobiles *571
Rope:
Wire rope, pre-formed strands are feature (American Cable Co.) n*577
Ruhr Valley sanitary district, water supply and sewage disposal e97, Dr. K. Imhoff.. *104
Russians, 5,000,000 have malaria 450

S

Sacramento, Calif., water-works. (See Water purification, filtration.)
Safety Island and wire fence for grade crossings. (Page Steel & Wire Co.) ..n*709

ST. LOUIS, MO.

Contracts can be let before bonds are sold n666
Garbage disposal emergency arrangement n867
Pipe line, steel, $1,800,000 contract let n250
Public Service Board, reorganized n948
Subways:
Bill presented to Missouri legislature to clear way for rapid transit system n455
Financing plan, $100,000,000, outlined. n206
Water-works:
Boilers for water-works, reason for buying 939
Improvements, contracts for $4,000,000 850
New waterworks on Missouri River, Construction progress 635
St. Louis County, Missouri, to vote on bonds for roads, a hospital, etc n90
St. Paul's Cathedral, London, restoration.. 283
Committee reports on safety n409
Salt:
Sacramento River salinity survey, appropriations n453

SAN FRANCISCO, CALIF.

Duboce tunnel for electric railway, city to build on assessment plan n664
Swimming pool, 1,000-ft., features of design *434
Water supply:
Hetch Hetchy project:
Moccasin Creek penstock. (See Penstocks.)
Summary of construction and cost to spring of 1923, and work still to be done *1021

SANITARY DISTRICTS

Illinois Association of Sanitary Districts hold live meeting n869
Passaic sewerage district operation a clumsy method e838
Ruhr Valley, water supply and sewage disposal e97, Dr. K. Imhoff *104
South Essex Sewerage District, Massachusetts, created n909
Santa Cruz, Calif., extension of water systems 603
Saw, portable electric (Router Mfg. Co.). .n*913
Scranton, Pa.:
Engineers discharged following gas main break report n619
Seattle, Wash.:
Bridge, steel, restored after landslide movement. E. K. Triol *112
Railway and ship terminals, plan *600

SEWAGE DISPOSAL

Chicago, Ill.:
Engineer board reports on sewage disposal through Chicago Drainage Canal, and diversion of water from Great Lakes e3, a22
(See Chicago diversion of water from Great Lakes.)
Detroit, Mich., commission includes three engineers n666

SEWAGE TREATMENT

Activated sludge:
Excess activated sludge, disposal by digestion, e917, Dr. K. Imhoff *936
W. Gore ..... l 1071
Packing house wastes, activated-sludge experiments at Houston, Texas. G. L. Fugate *443
Pump, screw turbine, for handling sludge (F. J. Kimball Co.) n*459
Concussion or concatenation for killing bacteria. M. R. Pugh ..... l 742
Detroit, Mich., committee to study situation n248
Dynamite, use to kill sewage bacteria. T. R. Hasley ..... l 614
New York City:
Committee appointed to study matter of sewage disposal n38
Psychoda (flies):
Lime hypochlorite lowers psychoda flies at Schenectady sewage works. M. M. Cohn *684

SEWAGE-WORKS

Frankfort, Germany, mural decoration in entrance hall of sewage-works. G. M. Fair l*494
Houston, Texas, packing company builds own activated-sludge plant. G. L. Fugate *443
Indianapolis, Ind., sewage-works opened n910
Long Island, N. Y., village projects.... n1076
New Jersey sewage-works operators' licenses 602
New Rochelle, N. Y., sewage screenings and compositing plant. G. W. Fuller 14
New York City, underground sewage-works at Canal St. W. Goldsmith ... *611
Operation:
Ohio county district law, operation. R. F. MacDowell 227
Screen for sewage and industrial wastes embodies new features. (C. A. Jennings) n*668
Trenton, N. J., will again readvertise for sewage-works bids n90
Four bids for sewage-works n705
Underground sewage-works at Canal St. New York City. W. Goldsmith .. *611
Underground sewage-works, general plan proposed by Tribus & Massa, in report New York City, 1909. L. L. Tribus. .l 701
Winston-Salem, N. C. 708
Sewage districts:
Ohio county district law, operation. R. F. MacDowell 227
(See Sanitary districts.)

SEWERS

Los Angeles County, metropolitan sewer plan, e1004, A. K. Warren *1026
Paducah, Ky., formwork for large sewers on short radius curves. J. C. Kelsey *1008
Pennsylvania, certain cities may charge for use of sewers n869

SHOVELS

"Bear Cat" attachment (Byers Machine Co.) n*787
Cable crowd design, new (Northwest Engineering Co.) n*577
Coal mine stripping, 6-yd. electric shovel used (made by Bucyrus Co.) n*709
Crane-shovel (Brown Hoisting) n*1079
Diesel engine power shovels (Bucyrus Co.) n*460
Electric drive for power shovels. D. J. Shelton and D. Stoetzel n*748
Heavy duty shove (Bucyrus Co.) n*1000
Power clutch control device for shovel excavator (Pawling & Harnischfeger) n*95
Power shovel, control improved (Northwest Engineering Co.) n*40
Power shovel, new "Massillon" (Russell & Co.) n*40
Revolving shovel, baseboard and other details added (Marion Steam Shovel Co.) n*337
Shovel attachment for crane (Speeder Machinery Co.) n*502
Sidewalks. (See Streets.)

SIGNS AND SIGNALS

Electric:
Largest electric sign (Westinghouse Electric & Mfg. Co.) requires 50 tons of structural steel n*708
Highway. (See Highway signs.)
Railway. (See Railway signs and train control.)
Water, pure water supply signs. (See water supply, signs.)
Siltation:
Colorado silt comes from San Juan River 596
Skagit project. (See Hydro-electric power.)
Skylight units of great strength (American Bar Lock Co.) n*1039
Slattery, Col. J., deputy chief engineer New York Board of Transportation for construction of new subways. n495
Smart, George, of **Iron Age**, death n910
Smithsonian Institution gets Aspdin patent facsimile n*708
Smoke abatement activities, Harrisburg, Pa. 893
Smoke Prevention Association, meeting to be held in Grand Rapids, Mich. n869

SNOW REMOVAL

Economics study needed e218
Highway snow removal practice summarized *4
Sidewalk clearing e98
Snow plow, V-shaped, with extensible side wings (Wausau Iron Works) ...n*41
Snow plow, V-type, equipped with side wings (Good Roads Machinery Co.).. *95
Society for Promotion of Engineering Education Meeting n703, n1073
Southern Pine Association, meeting n458
Spillways:
Profile forms, and high-velocity discharge of overfall dams, e587, A. F. Meyer.. *587
(See Dams.)
Stairways. (See Building erection.)
Standpipes:
Pitting in two steel standpipes near St. Louis, Mo. W. V. Weir *281
State Sanitary Engineers, Louisville meeting e750, n781
Steam power:
World's largest plant, of New York Edison Co., total capacity 720,000 hp., to be built on East River, New York n910
(See Power.)

STEEL

Conservative steel specifications. P. B. Covey ..... l 825
Fatigue tests, and the theory of elasticity. e217, H. F. Moore 225
German status of high-strength steel... 273
High-strength steel used in transmission towers built by Pacific Coast Steel Co. H. G. Sharp ..... l 330
Higher stresses recommended by American Society of Civil Engineers committee.. e178
Oxyacetylene cutting does not injure ductility of steel *939
Sheet and tin plate makers send out simplified lists n622
Structural steel shop details, follow-up j*406
Tests needed on many questions regarding structural steel. F. Turton a29
Stencils, silk, used in painting highway signs in Ohio. H. B. Neal *608
Stereophoto surveying from air. (See Maps and mapping, airplane mapping.)
Stirrups of wire mesh for concrete beams (Ryerson, J. T., & Son) n*953

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Stockholm, Sweden, bridge, concrete pipe pile foundations in deep water *568
Stone. (See Construction materials.)
Stone & Webster, Inc., motion pictures of steam power development n293
Stone bins of reinforced-concrete, design for, J. M. Taggart *356
Strain gages and vibration recorders:
Competition, of German Railway Co., prizes offered 118
Time extended 942
Stream pollution. (See Water pollution.)
Street Cleaning Conference held in Chicago n129

STREETS
Gutter section reconstructed provides additional parking space, Jamestown, N. Y. *892
Private drive entrances, design in relation to street traffic, G. H. Herrold ...j*160
Runways, crossing sidewalks, standardized in San Francisco j*160
Sidewalks, concrete, eliminating slipperiness and glare, C. L. B. Anderson...j737
Traffic. (See Highway traffic.)

STRESSES
Beams, continuous, stresses determined graphically, I. Duberstein *886
Moment of inertia in torsion of I-beams, L. B. Tuckerman .....l 290
Metals, fatigue tests, and the theory of elasticity, e217, H. F. Moore 225
Sling chains stresses in safe loading, J. P. Doolan j*739

STRUCTURAL DESIGN
Steel, structural, tests needed on many questions, F. Burton a29
Structural failures:
Molasses tank in Boston, collapse in 1919, auditor's report finds due to overstress e178, 188
(See Buildings, failures; Bridge failures; Dams, failures; etc.)

SUBWAYS
Broad St. subway, Philadelphia. (See Philadelphia.)
Ramp and shaft methods of construction used on Broad St. subway, Philadelphia e837, *840
(See under names of cities.)
Sunlight determined by nomogram j*162
Surety Association urges joint bonding committee n90
(See Bonds; Contractors.)
Surveying, from air. (See Maps and mapping, airplane mapping.)

SURVEYS AND SURVEYING
California, shift in triangulation stations shown by survey 242
Indiana county surveyors put on straight salary basis n619
Railway surveys. (See Railway surveys.)
Sweden, Industrial Standardization Committee adopts 71 mechanical standards.. 639
Swimming pool, San Francisco, features of design *434
Swimming pools, chlorine application apparatus (Wallace & Tiernan Co.) n*999

T

Talbot, Prof. A. N., portrait given to University of Illinois n573
Tampa Bay, vehicular tunnel proposed for bay crossing n1033

TANKS
Charleston, S. C., to construct 2,000,000 gal. elevated tank, with curved bottom n908
Failures:
Oil tank, Ponca City, Okla., fails after sudden drop in temperature *638
Reverse pressure in oil tanks a source of danger, E. Godfrey ..l 780
Gasholders, waterless, built at Michigan City and Flushing e426, *437
Molasses tank at Boston, collapse, Industrial Alcohol Co. liable for collapse n168
Molasses tank in Boston, collapse in 1919, auditor's report finds due to overstress e178, 188
Oil tanks, safety from fires shown in report of American Petroleum Institute e877
Steel water tanks, elevated, standardization in sizes and construction, J. E. O'Leary n832
Wood-stave tanks moved on scow, G. C. Grubb j*740

TAXATION
Gasoline taxes. (See Gasoline.)
Highway tax theories e1
Income tax, municipal employees not all exempt n90, e99, 106
Tangles in taxation, President Coolidge's speech to National Tax Association...e341
(See economics.)
Telephone Research Company organized .. 244
Temple bill. (See Maps and mapping.)
Templets:
(See Highway construction.)
Terminals, war-time, using e546
Teredos. (See Marine borers.)
Textile mill at Tallassee, Ala., extension built *202
Tide staff designed to meet exacting conditions, D. L. Parkhurst *450
Tile:
Drain tile, prices in Illinois, 1893 to 1924 .....n175
Tin plate makers simplify varieties n622
Tornado in Missouri, Illinois, Indiana:
Illinois, southern, description of storm and some effects e507, H. F. Ferguson and C. R. Dooling *522
Illinois Central Ry. loss n705
Photographs of tornado destruction, by C. R. Dooling *609
Western Society of Engineers' investigation and report *982
Toronto, Ont.:
Viaduct, $28,476,000, construction agreement signed n35
Water supply project, $14,000,000, voted for n90
Towers:
Ice load on a tank tower *517
Telescopic, for aerial photographing ...j*289
Transmission towers of high-strength steel, built by Pacific Coast Steel Co. H. G. Sharp .....l 330
Tractors:
British crawler tractors operated by steam n*874
Caterpillar tractors, 5-ton, new features (Holt Mfg. Co.) n*297
Crawler attachment for Fordson tractors improved (Belle City Mfg. Co.) n*254
Exposition organized n336
Ford Motor Co. makes 500,000.....n1078
Trade Association statistics, cement case appeal in U. S. Supreme Court, clarification of matter hoped for n496
Decision upholds distribution of statistics e917, 943, 981
Trade associations:
National Industrial Conference Board classifies activities and legal status of trade associations n787
Trailers. (See Motor vehicles.)
Transmission lines:
Cable ferry car used over Clackamus River, by Portland Electric Power Co. in extension of transmission line j*903
(See Hydro-electric power.)
Poles. (See Poles.)
Transportation:
Incomes of transportation concerns, 1924 224
New England states, transportation council suggested n36
Travis, Dr. W. O. (England), death n994
Trenching machinery. (See Excavating machinery.)
Trenton, N. J.:
Sewage-works contract set at $992,683 n995
Trucks:
Steel-lined, wooden truck body (Heil Co.) n*501
Trusses:
Bad design of shortspan steel trusses, J. Feld j*529

TUNNELS
Accidents:
Florence Lake Tunnel blast kills four workers n333
Air pressure driving of tunnel under Duwamish waterway, Seattle *401
Ben Nevis, 15-mile tunnel under mountain, Scotland, for Lochaber power project n705, n994
Buffalo, N. Y., filtration plant tunnel, plugging under high pressure, C. S. Rindsfoos *641
Duboce tunnel, San Francisco for electric railway, city to build on assessment plan n664
Duluth, Minn., tunnel under ship channel proposed 691
Florence Lake tunnel completed n369
Compressed air lines 19,000 ft. long *1012
Ventilation methods *1010
Holland tunnel. (See Tunnels, Hudson River vehicular tunnel.)
New Jersey plans arterial approach highway *731
Hudson River vehicular tunnel:
Mucking, trolley reel use forced by limited headroom j*532
Singstad, Ole, promoted to chief engineer of commission n663
Liberty tunnel, Pittsburgh:
Exhaust-and-supply ventilation of a long street tunnel *764
Lining:
Hetch Hetchy tunnels, placing concrete lining, W. F. Webb *350
London railway tube, purification of air by ozone *321
Moffat
Construction methods for main and service tunnel e964, *966
Heading progress is rapid n*830
Muck car switcher, mucking machine, drill carriage are new devices j*403
Designer of Muck car switcher, D. J. O'Rourke and C. A. Betts ....l 615
Progress in construction n92, n*497
Rio Grande Ry. will build short line in order to use tunnel n128
Mucking:
Runaway for wheelbarrows speeds mucking on Pit River No. 3 tunnel j*741
Narrows tunnel, New York City:
Contract, contingency, two provisions e261, 280
Defense of contract, A. S. Tuttle..l 330
Nicoll-Hofstadter Act does not break impasse between New York Port Authority and city administration e714, n743
New York-New Jersey vehicular tunnel approaches, unit bids compared n461
Oakland, Calif., estuary tunnel:
Contract awarded to A. J. Crocker Co. n573
Work started n947
Pittsburgh, Pa., street car tunnel proposed for traffic relief n294
Pit River No. 3 suspended runway for wheelbarrow speeds mucking j*741
Queensborough subway tunnel, New York City. (See New York City.)
St. Lawrence River, tunnel to Montreal Island proposed n294
Seattle, tunnel under Duwamish waterway driven by air pressure *401
Skagit tunnel:
Exact section and minimum thickness of lining, C. F. Uhden .....l *126
Suit over contract charges conspiracy n1034
Vehicular:
Tampa Bay, vehicular tunnel proposed for bay crossing n1033
Ventilation:
Liberty tunnel, Pittsburgh. (See Tunnels, Liberty.)
Turner Construction Co.:
Service and repair plant *100

TYPHOID FEVER
Cross-connections:
Sterling, Ill., factory, cross-connections *526
Oysters cause of typhoid, from one source, report of U. S. Public Health Service e301, a324
New York legislative committee report 325
(See also Oysters) e343
Rate of typhoid deaths in 1924 in the 69 largest American cities 944

U

Underpinning. (See Foundations.)
Union Carbide Co., tests showing oxyacetylene cutting does not injure ductility of steel *939
U. S. Bureau of Public Roads:
Roadbuilding slides for exhibition n292

U. S. BUREAU RECLAMATION
Appraisal of reclamation projects to be made in two groups n409
Appropriations of nearly $10,000,000 pass Congress n452
Boulder Canyon dam (See also Dams):
Irrigation and power, joint development favored by Dr. Mead a283
Butte-Beer Creek project study proposed n205
Chief engineer, R. F. Walker assumes position n783
Mead, Dr., proposes revision of Reclamation Act 153
Mead, Dr., stays with reclamation bureau another year n538
Newlands reclamation project, Spanish Springs reservoir in new appropriation bill n129
Reclamation law amended by deficiency act n129
Review Board, F. M. Goodwin, assistant secretary of Interior, a member n370
Revision of reclamation act proposed by Dr. Mead 153
Work, Sec., and Mead, Dr., visit western projects n496
Yakima project, Tieton dam. (See Dams.)
Work, Secretary, education of e301

U. S. BUREAU OF STANDARDS
Airplane mapping instruments 640
Library fire test, high temperatures ... 763
Roofing, prepared asphalt, specifications adopted, from Bureau of Standards investigations n501
Tests:
Brick walls, sand-lime brick 695
Thermal expansion of stone 201
U. S. Chamber of Commerce. (See Chamber of Commerce of United States.)

U. S. GOVERNMENT
Agriculture Department, moving to the country certain new buildings e798
Budgeting, address to American Engineering Council e137
Mines, Bureau of:
Bain, H. F., resigns n995
Bureau transferred to Department of Commerce n994
Mines Department proposed n130
Public Works Department:
American Society of Civil Engineers action explained n247
Architectural, construction, engineering sub-divisions too many, decision of American Engineering Council e837
Architecture, construction and engineering asistant secretaries' duties would overlap—queer simplification e587
Public Works, national board proposed..n247
War Department:
Construction Conference to draw many specialists n91
National Defense construction conferences, in time of peace ..e137, n207

V

Ventilation of tunnels. (See Tunnels.)
Veterans, rehabilitated. (See Engineering education.)
Vibration recorders and strain gages. Competition, German Railway Co., prizes offered and time extended 118, 942

Vital statistics:
Automobile fatalities, method of computing statistics changed 723
Vital statistics:
(See Accidents; Typhoid fever.)

W

Walls:
Brick, sand-line brick walls tested, at U. S. Bureau of Standards 695
War camp suits. (See Contractors.)
Washington, D. C., a water supply conduit, first cost, durability and capacity basis of award 402
Washington medal, awarded to J. Waldo Smith n948

WATER MAINS

Brass services and special goosenecks used by Hackensack Water Co. D. W. French j*653
Check valves, vertical, used as air valves on supply mains, Butte, Mont. E. Carroll *859
Chicago, experience with large water tunnels. (A. W. W. A. paper.) A. E. Gorman a772
Leakage, friction and discharge tests in Norfolk supply main. W. H. Taylor and N. Z. Ball *446
Shanghai, China, external protection for steel water pipe. W. W. Monk j*159
Vitrified clay pipe for small water supplies, experience with. P. T. Hyland.. l 330
C. E. Painter ..... l 451
J. C. Cleghorn ..... l 451

WATER METERS

Make or type, how far should only one be used in a city e837

WATER POLLUTION

Coal mine wastes, decision protecting water supplies in Pennsylvania 901
Ohio stream pollution law amended to give increased control 696

WATER PURIFICATION

Algae in public water supplies, Ohio Conference report. W. C. Purdy a103
Chemical dosing:
Drain valve for chemical solution tanks at filter plants. C. L. B. Anderson j*661
Proportioning device. (International Filter Co.) n*669
Chlorination:
Albany, N. Y., new type of chlorinating apparatus. T. Horton j*650
Calcium chloride, flake form improved, patent issued n459
Chlorinator, small capacity, has thermostatic control (Paradon Engineering Co.) n*670
Secondary chlorination in New York City. (A. W. W. A. paper.) W. W. Brush a772
Clarifiers, 200-ft., as pre-sedimentation units, Kansas City, Mo. (Dorr Co.) n*1039
Filtration:
Buffalo, N. Y., filter plant, substructure and design *321
Substructure construction j*358
Cemented-gravel slab over perforated-pipe underdrains, Windsor, Ont., new filters j*655
Chemicals, granulated, pneumatic handling at Minneapolis. A. F. Mellen.. 857
Report form for small filters j*654
Sacramento, Calif., experience with wood grating in filters. (See Water purification, filtration wood grating.)
St. Louis, Mo., experiments in filter beds, effect of flowing water on stability of sand. C. M. Daily 649
Texas school for filter plant operators opens Jan. 26 ..... n37
Tub filters, more, being built at York, Pa. 777
Windsor, Ont., novelties in new filters j*655
Wood grating in filters, and cemented-sand layer. J. W. Ellms, W. Donaldson, J. W. Kelsey, J. W. Armstrong, W. Core e1044, a1062
Wood grating in use in filters, Sacramento, Calif., experience. H. N. Jenks *634
Sacramento, Calif.:
Filter plant report advises extensive repairs 639
Signs and placards of pure water, project n335

WATER RESOURCES

Colorado-New Mexico water compact approved 319
Great Lakes, lowering of water by Chicago diversion. (See Chicago diversion of water from Great Lakes.)
Interstate water compacts. (See Interstate water compacts.)
New Jersey state water policy commission created n745
St. Lawrence River. (See Rivers, St. Lawrence.)

WATER STORAGE

Rio Grande River district, storage embargo lifted by Interior Department, Secretary Work n948

WATER SUPPLY

Albany, N. Y., new water supply to be studied n130
Atlanta, Ga., new water supply and power project n335
Boilers, furnishing water in cold weather. (See Construction, winter.)
Charlottesville, Va., new gravity water supply. L. H. Williamson 689
Chicago, water supply problem for the future City a353
Cincinnati, Ohio, reservoir for water supply of Eastern Hills suburbs, building wall of reinforced concrete *590
Construction uses. (See Construction.)
Dallas, Texas, Garza dam will impound 63 billion gallons *630
East Bay, California, permit to extend system denied by commission n949
Fire protection use (A. W. W. A.) V. B. Siems a771
Horton, Kan., reinforcing water supply. N. T. Veatch *931
Indiana, good and bad water supplies classified 602
Kansas City, Mo.:
Bids soon to be asked n247
Contract bids, five days set for receiving bids n332
Los Angeles. (See Los Angeles.)
Napa, Calif., new water supply completed n333
New York City. (See New York City.)
Norfolk, Va., supply mains, tests of leakage, friction and discharge. W. H. Taylor and N. Z. Ball 446
North Jersey water district in contracting with various communities. A. M. Pratt 1032
Philadelphia:
Upland water supply plan recommended n169
Signs placarding conditions of water: project. (See San Francisco.)
Santa Cruz, Calif., extension of water system 603
Service reservoirs and pressure for domestic service (A. W. W. A. paper.) A. C. Hutson a772
Signs placarding conditions of water:
Minnesota, safe water signs on highways at entrance to municipalities. *685
Pennsylvania testing and placarding roadside waters. E. L. Waterman and H. P. Drake *645
Standpipes. (See Standpipes.)
Staunton, Va., new gravity water supply. L. H. Williamson 803
Toronto, Canada, $14,000,000 project voted 90
Water company cannot be made to supply free water to schools n38
Water treatment. (See Water purification.)

WATERWAYS

Chicago diversion of water from Great Lakes. (See Chicago diversion of water from Great Lakes.)
Colorado River:
Brief summary of data *57
New Mexico-Colorado water compact ratified by Congress 431
(See Rivers, Colorado.)
Columbia Basin project:
Board of engineers reports on five plans, cost may be $200,000,000 ... 400
Delaware River tri-state compact for utilization of Delaware River water e219, 233
Great Lakes:
Conservative conference suggested by G. W. Fuller a353
Outlet waterways, study started n705
(See Great Lakes.)
Hudson Bay diversion to Great Lakes.. n130
Lakes-to-Gulf waterways plans laid before senate committee n498
Lakes-to-Hudson waterways board is appointed n616
Rhine River, Franco-Swiss pact for using flow 349
Rio Grande International Commission, Coolidge appoints United States members n129
St. Lawrence River:
Bill would appropriate $275,000 for St. Lawrence River study n248
Ice problems studied by board n867
Joint Board of Engineers,
American members of board have field work plan n537
Instructions by United States and Canada on what study shall cover e715, 720
United States members meet at Detroit n495
Ontario urges approval of plan to develop St. Lawrence power n293
(See also Rivers, St Lawrence.)
Stockton, Calif., channel dredging plan opposed n372

WATER WORKS

Aerating tower to eliminate odors, Weeping Water, Neb. e628, H. P. Letton.j*652
Buffalo, N. Y., filter plant, substructure and design *321
Substructure construction *358
Tunnel, plugging under high pressure. C. S. Rindsfoos *641
Chemical dosing apparatus:
Proportioning device (International Filter Co.) n*669
(See Water purification.)
Chicago, Ill., and Weeping Water, Neb., lessons learned e628
Chlorinating apparatus. (See Waterworks, chlorination.)
Dallas, Texas, Garza dam will impound 63 billion gallons *630
Danville, Ky., dam floods Danville waterworks requiring replacement. P. Hansen *636
Filters. (See Water purification, filtration.)
Filtration plants:
Mixing basin, baffled loss of head and determination of *C* in Chezy formula, Greensboro, N. C. C. W. Smedberg *476
Weeping Water, Neb., filtration plant wrecked. e628, H. P. Letton.... *652
Financial status of water-works in the United States (A. W. W. A. paper) L. Metcalf a771
Intake chamber fire hose forms seal for stop logs to unwater chamber. J. E. Gibson j*651
Kearney, Neb., water-works improvements. E. L. Ferguson *884
Kirksville, Mo., rehabilitation of 30-year-old water-works. F. M. Veatch j*658
Monmouth, Ill., town of 10,000, revamping of water-works. H. A. Tolburg.j*656
Operation:
Power company and water district adjust differences, Waterville, Maine. A. L. Shaw j*660
Pipe, brass and copper, for water services and plumbing. W. G. Schneider.a570
St. Louis, Mo.:
New water-works on Missouri River, construction progress 633
San Antonio, Tex., buys its water-works.n748
Small city of 10,000, Monmouth, Ill., revamping of water-works. H. A. Tolburg j*656
Small-town water extensions, users advance money, Low Moor, Iowa. J. G. Thorne j653
Surveys:
Lowell, Mass., water department survey voted by service board n37
Thousand-people town, water-works problems. e628, H. P. Letton j*652
Valuation variations compared with four other utilities. C. F. Lambert .. *768
Vancouver, votes $1,250,000 for water-works extension n454
Water department, independent of city government, Baltimore e138, V. B. Siems a147
Weeping Water, Neb., town of 1,000 people, water-works problems. e628, H. P. Letton j*652
Waterville, Me., water-works, centrifugal pumps meet unusual requirements, A. L. Shaw *1020
Water-works man, engineer of non-engineer, work and development e629
Water-Works Manufacturers Association meeting n540

WELDING

Acetylene distribution on welded pipe line in Texas j*738
Oil-tank barge of welded steel 118
Vallejo, Calif., electrically-welded steel pipe line j654
Wells:
Los Angeles aqueduct, sinking and testing wells. G. R. Shuey j*820
Wendover cutoff. (See Highway construction, Wendover cutoff.)
Westchester County, charter of new form. 846
Charter signed by Governor Smith... n666
Western Paving Brick Manufacturers Association, officers elected n296

WESTERN SOCIETY OF ENGINEERS

Annual meeting n995
Chicago's development discussed at mid-winter meeting e425
Officers elected n949
Report on Illinois tornado *982
Whinery, Samuel, death *168
Whipple, George Co., tribute from Sir Alexander Houston and Desmond Fitzgerald ..... l 125
Wiley, W. H., death e753, n781
Wilkes-Barre, Pa., city engineering *891
Wilmington, N. C., city engineering *1018
Windmill, steel, for pumping (Fairbanks, Morse & Co.) n*913
Window sash, round-cornered *530
Designer, J. M. Howells and R. M. Hood ..... l 702
Windsor, Ont., novelties in new filters. j*655
Winter construction. (See Construction, seasonal; construction, winter.)
Wireless photography, Coolidge inauguration, killing time to San Francisco.. e425
Wisconsin engineers hold annual meeting.n456
Wood preservation:
American Wood-Preservers' Association meeting 282
Wolman salts put on market in America. (American Wood Impregnation Corporation.) e1039

Z

Zoning. (See City planning.)
